PRICE TEN CENTS

PRESIDENT JOHNSON joins some junior White House guests for ice cream cone dessert at a party for under-privileged children. The guests, from the Washington area, gathered in the East Room and then went to the State Dining Room for snacks. (AP Wirephoto)

## Hanoi Denies Sending Out Peace Feeler

WASHINGTON (UPI) — The United States and Britain are working quietly to explore the slim chance that North Viet Nam may be trying to maneuver herself into peace talks behind the back of her giant neighbor, Red China.

The North Vietnamese regime appears on the surface to be loudly denying any such intent. Hanoi Radio denounced the State Department's disclosure last week of recent exchanges on the subject of peace as "pure fabrication . . . completely baseless."

The White House had no comment on the Hanoi broadcast. This, too, appeared to dash whatever hopes for early peace talks may have been raised by last Friday's disclosure of the exchange in which North Vietnamese President Ho Chi Minh had been quoted as saying he was "prepared to go anywhere; to meet anyone" to arrange peace.

His alleged remark was reported by two Italian professors who interviewed him in Hanoi last month. They said North Viet Nam appeared ready to start peace talks without demanding prior withdrawal of U. S. forces in South Viet Nam, although other conditions imposed.

The Hanoi broadcast did not surprise U. S. or British officials, who have often seen contradictions between what Hanoi has said publicly and what visitors to the Communist capital claimed they were told privately.

## Detroit, 23, Held In Killing Of Father, 50

CLEVELAND (UPI) — Police were holding a Detroit man for questioning Sunday in connection with the fatal shooting of his 50-year-old father in Cleveland.

George Hayes was pronounced dead on arrival at Mt. Sinai Hospital. His son, Harry Lee, 23, was being held.

Homicide detectives said the two had gone to Cleveland to visit the victim's step daughter, Joyce Black, 26, and the father's girl friend, Thelma Green.

During the course of the visit, detectives said, Miss Green apparently pulled a pistol and pointed it at the victim, who snatched the gun from her hand. Hayes' son then tried to take the gun from his father, fatally wounding him in the attempt, according to police.

# De Gaulle Elected For 7 More Years

## 'Deep Freeze' Continues In U.S. Relations

PARIS (UPI) — President Charles de Gaulle's reelection to a second seven-year term will result in no change in the French government's deep freeze relations with the United States, informed sources predicted today.

The sources added, however, the general's victory over leftists Francois Mitterrand in Sunday's runoff balloting will be followed by a dynamic "new look" policy in both the foreign and domestic fields.

Wins 55 Per Cent  
Provisional final official voting figures for metropolitan France showed the 75-year-old de Gaulle winning 55 per cent of the ballots cast to 45 per cent for his 49-year-old opponent. The totals:

De Gaulle 13,057,900

Mitterrand 10,609,836

De Gaulle now is expected to press for an early meeting with President Johnson in 1966. Although diplomatic relations are not expected to emerge from the chilly hibernation of recent years, French government officials said De Gaulle is anxious to meet personally with Johnson as the Chief Executive visits Europe in the Spring.

De Gaulle will be inaugurated Jan. 8, the same day his present term ends. Premier Georges Pompidou and the cabinet will resign Jan. 9, giving de Gaulle a free hand to make any government changes he may wish.

No Congratulations  
Mitterrand, backed by France's large Communist Party and other leftists, declined to send a telegram of congratulations to de Gaulle, who received the results at his Colombey-Deux-Églises country estate in Eastern France.

The leftist candidate said he could not congratulate the President because of the continuation for seven years of a "bargain basement Gaullist regime."

Mitterrand was not upset by his defeat. "After all," he said, "I am the first person ever to shake de Gaulle out of his self-assurance. I have succeeded in forcing de Gaulle to fight for his political survival. Roosevelt, Churchill and Stalin never did that."

## POPULARITY SLIPS

PARIS (UPI) — At the age of 75 President Charles de Gaulle of France has scored another personal triumph. But he also has received a warning along with his election victory.

De Gaulle won reelection for a second seven-year term Sunday. But he did so only on the second attempt.

The man who regarded himself as the incarnation of the French nation and of French greatness failed at the first try Dec. 5 to win reelection outright. He gained only 44 per cent of the votes in a fight against five opponents and, therefore, had to contest runoff balloting Sunday against leftist Francois Mitterrand.

De Gaulle won the runoff by a fairly handsome margin. But the fact remains that he did not make it the first time around — something Gaullists hardly could have imagined a couple of months ago.

The implication was clear. While De Gaulle remains France's biggest vote-getter, he clearly has slipped compared with a few years ago.

That in itself was a warning. It was a warning not for a relatively far-off future but for one only 18 months from now. In 1967 France votes again in national parliamentary elections. The main issue then will be a drive by the opposition parties which tried to oust De Gaulle Sunday to smash the Gaullist Union for the New Republic UNR, which has been the country's ruling party since 1958.

Many French commentators believe Gaullism and the UNR are on the skids and that De Gaulle's failure to win reelection outright on Dec. 5, could signal the beginning of the end for the Gaullist party and regime.

Today's Chuckle  
Those rare individuals who look down on their neighbors are usually living on a bluff.

Charles de Gaulle

## Just Browsing

BOSTON (UPI) — A Nashua, N.H., man who told police he was Christmas shopping for a fur coat, was due in Municipal Court today on a charge of breaking and entering.

Police arrested the man early Sunday morning on the fire escape outside a third-floor window of I. J. Fox Co., a downtown furrier.

## McNamara Will Try Again For Military Merger

WASHINGTON (UPI) — Despite his defeat this past year, Defense Secretary Robert S. McNamara is planning to try again in 1966 to convince Congress the Army Reserve should be merged into the National Guard.

The Armed Services Committee of the House and Senate have been informed by both the Army and the Defense Department that they still favor the plan McNamara put forth a year ago.

The proposal would result in a single force made up of 8 divisions and 16 brigades with total of 550,000 men. The organized Army Reserve would be eliminated with an enlarged and streamlined National Guard remaining as the Army's sole civilian back-up force.

At present the Guard has about 375,000 men, the Reserve about 250,000.

McNamara and the Army face a monumental job in selling the merger idea to Congress.

The lawmakers have been chary of reducing reserve strength at any time, and especially so now in the light of the United States' rising commitment in Viet Nam.

The Pentagon will try to persuade Congress that the demands of Viet Nam make the merger more vital than ever. According to the military, the move would produce "more useable combat power."

## Store Robbed Of 21 Rifles

GRAND RAPIDS (UPI) — Wyoming officers Sunday were attempting to trace thieves who stole a "small arsenal" from the M and C Store in a weekend burglary.

Wyoming detectives said the burglars shunned smaller arms in the sports goods store and stole 21 rifles, valued at between \$1,500 and \$2,000.

# Spacemen Start Long De-briefing

CAPE KENNEDY (UPI) — Gemini 7 space champions Frank Borman and James Lovell, back on solid earth after "a real great flight," started de-briefing sessions today that will last until after Christmas.

The astronauts were to begin their first full day on solid ground since their space capsule roared off into space 16 days ago to hold a cosmic rendezvous with Gemini 6, set new endurance records and open up new vistas in the space era.

"Jim and I don't have a awful lot to say. It was a real great flight," Borman said in what must have been one of the greatest understatements of the year.

Only about 100 persons were on hand for the return of the space champs. There was no news conference, but Borman

made a few comments as he and Lovell passed down a line shaking hands with space agency officials who turned out to welcome them back to the Cape.

The two space pilots flew into the Cape aboard two Navy planes from the recovery carrier USS Wasp which had plucked them from the Atlantic Saturday, ending their historic 14-day flight.

Shortly after landing here, they were reunited with their Gemini 6 space pals, Walter Schirra and Tom Stafford, at the Astronauts' private quarter

at nearby Merritt Island.

The last time they had met was 185 miles up in space last Wednesday when they staged their first rendezvous in space.

As Borman and Lovell walked down the hallway of the crew quarters, Schirra jumped from concealment and began giving hand signals such as those used to guide in planes on an aircraft carrier deck.

Merritt broke out and the two teams of astronauts shook hands, slapped one another on the back and exchanged quips about the accuracy of their splashdowns.

They then were engaged in combined debriefing sessions for 45 minutes before Schirra and Stafford departed for the manned space flight headquarters in Houston where they will finish off a series of photographic identification sessions, pilot reports and de-briefing sessions before taking off for Christmas.

## Dearborn Couple Terrorized In \$25,000 Robbery

DEARBORN (UPI) — Two men wearing silk-stocking masks terrorized a Dearborn man and his wife early Sunday before making off with an estimated \$25,000 in jewelry, furs and cash.

W.H. Eastman and his wife Beverly said the pair bound them with ties after waiting for them to return home early Sunday. They said the men threatened to shoot them if they failed to cooperate.

Eastman, a Detroit restaurateur, and a director of industrial relations at Kaiser Jeep Corp., Toledo, said the thieves took \$550 in cash from him, two diamond rings valued at \$18,700, two fur coats worth \$5,000 and two \$500 watches.

## Airman Lucky, Cuts Off Power

GRAND RAPIDS (UPI) — Walter Hickade, 21, of Grand Rapids, was considered in the lucky category today.

Hickade was pilot of a light plane that struck a 60,000 volt cable as it was landing at the South Kent Airport Sunday, resulting in loss of power to about 5,000 homes in the Byron Township area for about an hour. Hickade was unhurt but shook up somewhat.

## Wilson Policy Is Lambasted In Parliament

LONDON (UPI) — Prime Minister Harold Wilson arrived home today from his visit to the United States and Canada and was plunged immediately into stormy debate in Parliament where his critics are protesting the Labor government's Rhodesian policy.

Wilson's special Royal Air Force (RAF) jet plane touched down at London airport shortly before Parliament began a two-day foreign policy debate. Informed sources said the prime minister would make a statement on the British oil embargo imposed on the breakaway Rhodesian regime.

A Conservative Party protest has been building during Wilson's absence. He addressed the United Nations in New York last Thursday, then went to Washington for talks with President Johnson and stopped briefly in Ottawa for a meeting with Canadian Prime Minister Lester Pearson.

While Wilson was away, 119 Conservative members of Parliament signed a petition protesting Britain's Rhodesian policy. They mentioned in particular the oil embargo on the secessionist colony announced while Wilson was in the United States.

In addition to his other problems, Wilson was faced with the fact that nine African nations have broken relations with London because Britain refuses to use military force against Rhodesia.

Algeria, the United Arab Republic, the Congo (Brazzaville) Ghana, Tanzania, Mauritania, Mali, Sudan and Guinea broke with Britain in accordance with a resolution passed Dec. 4 by the 36-nation Organization of African Unity (OAU).

# U.S. Paratroopers End Violent Dominican Battle

SANTO DOMINGO (UPI) — Tense calm today settled over the provincial town of Santiago, where a force of U.S. paratroopers ended a violent battle between Dominican Air Force ground troops and hundreds of former rebels.

## Italian Dope Ring Involves Detroit Pair

PALERMO, Sicily (UPI) — Two suburban Detroit men have been named in narcotics warrants issued Sunday by Italian authorities.

John (Papa-John) Priozola, 72, Grosse Pointe Park, and Raffaele Quasarno, 55, Grosse Pointe Woods, were named in the warrants along with Giuseppe (Joe Bananas) Bonanno, 60, the missing New York underworld kingpin, and Giovanni (John Bovenre) Bonventre, 64, who was arrested at his Sicilian villa at Castellamare.

Bovenre surrendered without a fight and was charged with associating with criminal purposes and illegal international narcotics trafficking.

Sicilian authorities immediately notified international police of the warrants against Priozola and Quasarno, both of whom still were free Sunday night.

Judge Aldo Vigneri, who headed the Italian end of the international investigation, flew to the United States Sunday to question Joe Valachi, who supplied information during the months of investigation. Valachi, a former New York mobster, gave detailed testimony to federal agents on activities of the Mafia and its American arm, the Cosa Nostra.

At least 26 persons were killed in the fighting Sunday, including Col. Juan Lora Fernandez, the former army chief of staff in the rebel government. Unofficial reports placed the death toll as high as 40.

Six U.S. helicopters sped a force of about 150 airborne troops to Santiago at the request of the provisional Dominican government, it was reported.

## Weather

## Bloomfield Hills Burglars Snatch Loot Of \$25,000

BIRMINGHAM (UPI) — Burglars struck in five fashionable homes in the Bloomfield Hills section over the weekend and made off with a total of \$25,000 in loot.

Police said all of the robberies took place within a couple of hours of each other late Saturday and early Sunday.

Victims told police apparently the robbers were experts since they bypassed costume jewelry for the real thing and took only the most expensive fur.

Bloomfield Hills police refused to comment on the thefts.

## Traffic Mishaps Take 24 Lives

By United Press International  
A wreck which wiped out a Mayville family and the death of the wife of the Mason County sheriff during the pursuit of a fugitive pushed Michigan's weekend traffic death count to 24.

All three members of the Kenneth Frenzel family were killed when their car was involved in an accident at a county road intersection in Tuscola County.

The victims included Frenzel, 26, Mayville, his wife Donna, 27, and their two-year-old daughter, Kimberly.

Stanley Morskey, 71, Ontonagon, was killed Saturday night while walking down a county road near his home.

A pedestrian identified as John Emil Pelkie, 58, Princeton, was struck and killed early Saturday on M 35 in Forsyth Township, of Marquette County.

WASHINGTON (UPI) — Less than half the 18.5 million eligible old people in the United States have signed up for the part of the Medicare Program that covers doctors' bills — and time is fast running out.

The plan is available to all men and women over 65 for \$3 a month. This is far less than for comparable private insurance. It can be offered at such a cheap rate because the government is financing half the cost.

But despite the attractive rates and the liberality of the plan — known as "Part B" of the Medicare Program — as of last week only 8.4 million of the 10.2 million responses the Social Security Administration has received were definitely affirmative.

Part B provides coverage of house or office visits by physician; surgeons' fees; hospital services of anesthesiologists and other specialists; X-rays; lab tests; radiation therapy; artificial limbs and eyes; home visits by nurses and therapists. The patient pays the first \$50 of such expenses in each calendar year. Thereafter the insurance covers 80 per cent of the "reasonable cost" of such services.

4 SHOPPING DAYS TILL CHRISTMAS

## Year Of Change:

Larger Boats  
And More Pellets  
Mark Ore Season

By CLINT DUNATHAN

Larger and faster ore boats—like the Humphrey that left Escanaba with 20,488 tons on Sunday to close the 1965 ore shipping season here—are making history on the Great Lakes.

The Humphrey of the Hanna line is 690 feet (over two city blocks) long and has a cargo capacity of 23,200 tons. The Humphrey cleared from the Chicago and North Western ore dock at 4:10 a.m. Sunday, Aug. 19, setting a new late-season record for closing ore shipping here, said L.A. McMillan, dock agent.

"We loaded out the last boat on Dec. 18 last year and this year the Humphrey did not get away until the 19th, a new late record for us," he noted.

## Larger Boats

There are studies and experiments under way at the University of Michigan and elsewhere in relation to proposed "year-around" shipping at Escanaba and other upper Great Lakes ports.

But the most significant development in ore handling is the use of boats of ever-increasing size as part of the effort to keep transportation costs as low as possible.

McMillan directed attention to the fewer number of boats that are carrying an increasing volume of ore from the Chicago and North Western dock each year.

For example, in December this year 11 boats transported 211,189 tons of ore. This was 33,627 tons over last December's 177,562—which was loaded into 12 boats.

**Average Cargo Up**  
The average cargo this year at Escanaba was 14,237 tons, McMillan continued. "This compares to 11,730 tons average cargo back in 1960, and 9,074 tons average cargo in 1951."

"This is the way it is going as old and smaller boats are scrapped to be replaced by newer and larger ones, or by having older boats lengthened to greater capacity," he said.

The iron ore shipped by the North Western from Escanaba this season totals 6,064,785, which was loaded out in 426 boats.

This compares to 6,497,380 tons (432,595 tons more than this year) shipped in 1964. The 1964 tonnage was transported in 478 boats.

**More Pellet Ore**  
The drop in tonnage was due to the ending of iron ore production in the Gogebic range closed in October.

But there is a brighter side. Pellet production, the processing of low grade ores into pellets containing a high percentage of iron, materially increased in the Upper Peninsula.

Of the total iron ore tonnage shipped from Escanaba this year by the North Western, 50 per cent or 3,015,008 tons were pellets. This compares to 2,237,677 tons or 34 per cent of the total last year, McMillan said.

Repairs to the North Western's big ore dock is under way as part of an annual program of maintenance in which more than \$250,000 will be expended this winter. The work is scheduled to be completed by April 1, 1966, before opening of navigation.

## Obituary

**FRANK EUGENE WILLIAMS**  
Funeral services for Frank Eugene Williams were held this afternoon at 1 p.m. from the Anderson Funeral Home Chapel with the Rev. Karl J. Hammar officiating. Burial was in Lakeview Cemetery.

**MRS. MARY RODMAN**  
Complete funeral services for Mrs. Mary Rodman will be conducted at the Alto Funeral Home Chapel, Tuesday at 9 a.m. The Rev. Fr. Arnold Thompson will officiate.

Ninth District  
Business Brisk

As measured by most statistical business series, economic activity in the Ninth Federal Reserve district has moved at a brisk pace during 1965, the Federal Reserve Bank of Minneapolis reports.

Perhaps of major significance to the region's economy has been the higher trend in farm commodity prices, particularly for livestock, and the record or near record farm outputs. Final crop production estimates, with the exception of corn, show sharp increases over 1964 as well as from 1959-63 averages. Nonagricultural employment data available through the first 10 months of 1965 indicate about 3 per cent rate of growth from the same period a year earlier. Also, the existence of a relatively tight labor situation has been spotlighted by a spectacular increase in the area's "help wanted" advertising index.

One business indicator which has dropped is that of total valuation of construction contracts awarded. For the first 10 months of the year this indicator registered 20 per cent below the year-earlier level. A brisk demand for loans in 1965 has characterized the district's banking picture.

William E. Rusha,  
Wells Resident  
56 Years, Dies

William Edward Rusha, 80, who had lived in Wells for the past 56 years, died at his home, 8 N. 1st St., at 6:30 p.m. Saturday after a lengthy illness.

Mr. Rusha was born Dec. 28, 1885, in Fayette. He retired as a conductor with the Lake Superior & Ishpeming Railroad in 1954 after serving 43 years.

He was a member of St. Anthony's Church, its Holy Name Society and of the Brotherhood of Railway Trainmen.

Survivors include his widow, the former Emma Roman; three sons, Orval of Maywood, Ill., William E. of Adrian, Mich., and Howard of Escanaba; four daughters, Mrs. Robert (Norm) Sanders of Elmhurst, Ill., Mrs. George (Leola) Leach, Mrs. Emma Jarrett and Mrs. Arlene Derby, all of Adrian; one sister, Mrs. Naomi Gauthier of Manistique; one brother, Fred Rossier of Detroit; 20 grandchildren and 38 great grandchildren.

Friends may call from 3 to 9:30 p.m. today at the Degan-Crawford Funeral Home. Parish prayers will be recited at 8 p.m. today. Daughters of Isabella will recite the rosary at 4 p.m. today. Funeral services will be held at 10 a.m. Tuesday from St. Anthony's Church with the Rev. Norbert Frieberg officiating. Burial will be in Gardens of Rest Cemetery.

Chef Flees From  
Texas Cookery  
At White House

DETROIT (UPI) — A posh hotel offered resigning White House chef Rene Verdon a job as executive chef today and promised to "respect your culinary artistry."

"Name your own terms and conditions," Albert Goodman, manager of the new St. Regis Hotel here, said in a telegram to Verdon at the White House. Verdon disclosed last week he was resigning from his job as head White House chef because he could no longer stand to prepare the Texas-style dishes preferred by President Johnson.

Goodman told Verdon the hotel, which will open soon, will offer "unparalleled exotic gourmet cuisine."

HOLY NAME HIGH School students pack Christmas food baskets for needy Escanaba Area families. The busy scene is at the school, where the collections were assembled into family baskets and distributed on Saturday. The annual Christmas giving at the school is managed by the Student Council and this year 60 baskets were distributed over a large area and the students ran out of names on their list from the Delta County Welfare Department and they turned over their surplus foods for distribution by the Salvation Army and the American Legion in their Christmas gift basket projects. (Daily Press Photo)

Christmas Hour  
Concert Tuesday

The Escanaba Area High School Music Department will present "A Christmas Hour of Music" in the Area High School Auditorium, Tuesday, Dec. 21, at 7:30 p.m. The concert will be free of charge.

Robert Chase will conduct the string portion of the program which will feature three groups. The string orchestra of 39 members will be heard in "A Prelude for String Orchestra" by White.

Bluebird Believed  
Making Comeback

NEW YORK CITY — A few years ago some conservationists feared the eastern bluebird, the popular little thrush with the throaty song, the azure back and the rosy breast, might be headed toward extinction. It became so scarce from 1960 to 1962 that the National Audubon Society called it a "disaster species."

Now the Society has reported some encouraging signs of a bluebird comeback.

Summarizing 1965 nesting-season reports in a recent issue of Audubon Field Notes, ornithologist John Bull of New York said that "in a number of regions the bluebird seems to be doing very well."

The bluebird population "crashed" after a series of severe blizzards that swept into southern wintering areas in 1957-58 and again in March and April of 1960. Large numbers of birds apparently starved or froze to death when ice and snow buried their wild-berry food supplies. The widespread use of chemical insecticides and competition by starlings for nesting cavities also are believed to have been factors in the decline of the species.

Train Derailed  
By Bulldozer;  
30 Hurt, 1 Dead

COLUMBUS, Ohio (UPI) — Five separate investigations continued today into the Saturday afternoon crash of a crack New York Central Railroad passenger train which hit a bulldozer and derailed, killing one man and injuring 30 passengers on the train.

The state highway patrol, the Franklin County sheriff, suburban Worthington police, the railroad and the owner of the earth mover all had men on the scene, a highway construction site in Worthington.

Two diesel engines and eight cars of the Ohio State Limited, running four hours late because of extra mail pickups on its run from New York City to Cincinnati, left the tracks when the train plowed into the earth mover, killing the driver of the heavy machine, Dana F. Bolin, 49, Athens, Ohio. The train carried 113 passengers.

Two crew members remained hospitalized today. All of the other injured were treated at three area hospitals and then continued on their way by other means of transportation.

Charles Leach of Gallon, Ohio, the flagman at the temporary crossing had apparently waved one vehicle across the tracks and gone inside his shack for a cup of coffee.

Bolin apparently drove through the crossing without a signal, investigators said.

Hunter Spends  
Night In Woods

MANISTIQUE—Vernar Anderson, 41, of Rte. 1 Manistique, walked out of the woods northwest of Manistique Sunday morning after being lost overnight during a snowstorm.

Anderson went rabbit hunting Saturday with his son, William and Stephen Fish. When Anderson failed to come out to their car on the highway Saturday night, the youths reported it to State Police.

Officers went to the area and used their siren in an effort to bring him out, but failed.

The search was resumed Sunday morning and tracks were found. Anderson was spotted from the air by Vern Bernard from a small observation plane. Anderson followed Bernard's plane out to M-149 at the Thompson Fish Hatchery at 10:45 a.m.

He was in good physical condition after spending the night near a bonfire that he built. He also had a small bag of cookies and was dressed in heavy hunting clothing.

Mary Heinz  
Dies In Alba

MANISTIQUE — Mrs. Gerard (Mary) Heinz, 49, of Alba, former resident of Manistique, died at 5 a.m. today at her home.

The body is being brought to the Messier-Brouillette Funeral Home. Arrangements are not complete.

She and her husband moved to Alba in 1961.

For Club 314

The week's schedule for Club 314 were announced today by Paul Vardigan, City Recreation Director, as follows:

Tonight, 6:30-9:30; Tuesday, same; Thursday, 1:30-4:30 and 6:30-9:30; Friday, 1:30-4:30. Webster School youth center will remain closed until after the holidays.

The kind of Christmas you remember... carols by the fire, holly and mistletoe... a warm sense of "peace on earth..."

Now? Tense faces. War clouds. A pile of "Christmas bills." Grandma is working. She's too busy for Christmas...

Christmas memories aren't enough to live by. Real Christmas means Christ in you, living His peace and joy and strength in your personality.

Find your real Christmas this year with Christ in your heart.

# Senior Citizens Tax Exemption Help Offered

Senior citizens of Michigan may under Act 408 approved by Gov. Romney on Nov. 3 soon begin making applications for tax exemptions provided for those who are qualified.

The City of Escanaba through City Assessor Charles Schmidt and City Clerk Don Guindon will provide assistance to the senior citizens in the processing of their application.

Starting Jan. 3, 1966, and continuing for three weeks there will be information and processing centers set up at the State Office Building lobby, at Club 314, and at the North Side fire station.

**Expect About 1,500**

At these three locations specially instructed young women will be able to inform the senior citizens and to assist them in processing their applications for tax exemption under Act 408. The stations will be open five days a week for three weeks from 9 a.m. to noon and from 1 to 4 p.m. each day.

Schmidt and Guindon said they expect that approximately 11 per cent of the population of Escanaba is 65 years of age or over, and of this total 8 per cent or 1,200 are property owners eligible for exemption under the Act. In addition some 300 are eligible for war veterans exemptions, making a

total of about 1,500 persons who may apply.

The exemption is state-wide and the manner of handling the applications is the responsibility of the assessor in each township and city.

**65 Or Over**

Senior citizens are asked by the assessing officers to read carefully the provision of Act 408 before making applications, since income and other factors may disqualify them. The Act provides that:

1. The individual must be 65 years old or over.
2. Must be a resident of Michigan for the preceding seven years. A "resident" means a person who resides in the State for at least 6 months in each 12 month period.
3. The State equalized value of all real property owned in the State must not exceed \$10,000.
4. The gross income for the immediate preceding year of all owners must not exceed \$5,000. This income includes income now excluded from Federal Income Tax, such as Social Security, Retirement Benefits, Public Assistance, Unemployment Insurance.
5. The claim must be filed between Dec. 31 and the final meeting of the board of review.
6. The following evidence is required: Proof of age -- a birth certificate, baptismal certificate, insurance policy, an affidavit from Social Security Administration, Proof of ownership, a deed, land contract, mortgage.
7. You will need the legal description of the homestead and tax roll description number. This you can get from the previous years tax receipt.
8. You will also need the assessed valuation of the property. This you can get from your tax bill.
9. You will need your Social Security number.
10. All qualifications being met, the exemption will be \$2,500, of State equalized valuation.
11. A claimant may qualify for the Veterans Exemption as well as the Senior Citizens Exemption but only one of the exemptions will be allowed -- either one, whichever allows the greater relief.
12. The claim for exemption shall thereafter be open to public inspection. Any person knowingly and willfully making a false affidavit for the purpose of tax exemption shall be guilty of a misdemeanor punishable by imprisonment in the county jail not more than 1 year or by a fine of not more than \$500 or both.

## Christmas Movie Offered Here; Public Invited

"Glory In The Highest," an inspiring motion picture in color of the Christmas story, will be presented by the Delta County Ministerial Association as a public service at the City Hall in Escanaba beginning today.

The half-hour movie will be shown Monday, Tuesday, Wednesday and Thursday.

The first three days the showing will be at 2, 3, 4, 5, 7 and 8 p.m. On Thursday the showing will be in the afternoon only at 2, 3, 4 and 5 p.m.

Each of the half-hour programs will begin promptly on the hour. The hall will seat 70 persons for each showing.

There is no admission charge but a contribution at the end of the program will be received to help defray a part of the cost. The city is cooperating in making the hall available without charge.

The Ministerial Association reported that the program will be of interest to both children and adults and suggested that families attend. Clergymen of all faiths in the county have been asked to cooperate.

JOSEPH VOGT, game biologist of the Escanaba District of the Michigan Conservation Department, was a volunteer check point worker at the recent elk hunt in Lower Michigan. He took this picture of one of the bulls killed and checked at the Pigeon River Research Station.

## Second State Elk Hunt Is Reported Successful

Joseph Vogt, Escanaba District game biologist for the Michigan Conservation Department, volunteered for check point service downstate at the 2nd annual elk hunt and was assigned to the Pigeon River Research Station for five days.

The state issued 298 licenses for a hunt area including Cheboygan, Presque Isle, Otsego and Montmorency counties for Dec. 8-16. In some areas any elk could be shot, in one only antlered elk.

Vogt said that 183 elk were killed in the 9 day hunt which closed Thursday, a success ratio of 61 per cent.

Elk were native to Michigan before the state was settled but had disappeared about 1870. First attempt at re-establishing elk by the Conservation Department was in 1916 when 29 elk from Wyoming were enclosed in the Houghton Lake Forest. This group dwindled and was released in Alpena County and disappeared.

In 1918-19 eight elk from various parks and captive herds were released in the Sturgeon River country and they seemed to thrive from the beginning. The present state herd of about 3,500 animals seemed to have come entirely from this small start.

The state ordered the first elk hunt in 1964 to promote the herd as a viewing spectacle, with hunting used as a management tool on a substantial part of the herd's range. In the 1964 hunt 300 licenses were issued and 298 hunters killed 269 elk.

## Jury Announced For Circuit Court January Term

The names of 36 prospective jurors drawn for the January term of Delta County Circuit Court were announced today by County Clerk William E. Butler.

The jury will report Monday, Jan. 17. Court convenes in the Delta County Building Monday, Jan. 10, with Judge Bernard H. Davidson of Negaunee presiding.

Venue men are: From Escanaba - F. J. Lindenthal, G. A. Marcouiller, Ernest Bernier, Walter T. Nelson, June Labre, Clifford Dawson, Walter Deloria, Marjorie Snyder, Lillian Gordon, J. Emile L'Heueux, Wilfred J. Chartrand, Robert J. Brandt, Cherie DuBord, Donald Marvic; From Gladstone - Earl Cole, Mildred Hale, Lyle H. Kennedy, Oscar Ohman, Gene V. Kee, Ruth Bovin, Elizabeth Stearns, Anne C. Mavolison.

From Townships - Sonja DeCramer, Baldwin; Lawrence Mayrand, Bark River; Loyal Sigfrids, Bay de Noc; Ralph Eagle, Brampton, Ethel Wright, Cornell; Emil J. Groleau, Engsign; Eldridge Newhouse, Escanaba; Robert Watchorn, Fairbanks; Gladys E. Kositzke, Ford River; Marguerite Boudrea, Gardiner; Shirley Westlund, Maple Ridge; Bert A. Basick, Masonville; Maurice LaVigne, Nahma; Richard J. Siebert, Wells.

## Window Contest Winners Named

A pair of seniors from Escanaba Area High School have been named winners in the Production Credit Association Christmas window decorating contest.

Pierce Ethier, 605 Ogden Ave., was awarded first prize of \$10. Jeanette Opalewski, Rte. 1, Bark River, received the \$5 second prize.

Their designs and sketches were chosen from entries received from students in the area. Decorations in the PCA office windows, 1608 Ludington St., will be completed today.

## Raiders Spare Jittery Saigon

SAIGON (UPI) — A Communist terrorist hurled a hand grenade at a U. S. Army dump truck in Saigon tonight, injuring five American servicemen and seven Vietnamese civilians.

It was the only terrorist incident reported in this bomb-jittery capital on the fifth anniversary of the National Liberation Front (Viet Cong).

But the sounds of heavy mortar fire could be heard from across the Saigon River where guerrillas were reported to have attacked a government post. Heavy fighting was reported elsewhere in South Viet Nam.

There were rumors during the day that Viet Cong agents were cruising the streets of Saigon in an automobile containing 200 pounds of high explosives to be used against quarters housing U. S. servicemen.

Civilian police set up roadblocks throughout the city, searching vehicles and suspicious looking pedestrians. U. S. MPs roamed the city, arresting American servicemen found on the streets in violation of the military curfew and warning American civilians to return to their homes.

## Good Port Year

The last ore carrier of the season cleared the North Western Railway dock in Escanaba in the weekend, ending the 101st season for the Iron Port. (Escanaba had a weekly newspaper with that name for many years.)

The delivery of petroleum products in the port by lake tankers will continue until freeze-up at some terminals, but others have buttoned up for the year with their tanks filled and they won't be looking for another ship until late next March.

This year's movement of ore from Escanaba was about 6 million tons, a normal shipment. The Port of Marquette on Lake Superior shipped 6.3 million tons in a season which began April 17 and ended Dec. 12, the second highest tonnage on record for Marquette's port.

The new pelletized iron is building Marquette's shipments, just as it is maintaining Escanaba's port volume, compensating for the decline in production of natural ore on the Gogebic and Menominee ranges. The Gogebic Range, with the closing of the Peterson Mine Feb. 4, will end shipment of ore entirely, with the industry dead after 81 years of ore production.

The iron ore industry, which has contributed so much to Marquette and the other Marquette Range communities, to Iron Mountain, Iron River and Crystal Falls on the Menominee Range and to Ironwood and the other cities on the Gogebic Range, has been in a state of violent change since World War II.

The changes have caused the death of the industry on the Upper Peninsula's westernmost range, the Gogebic. They have brought the Marquette Range out of a declining natural ore industry crisis into a prosperous and enlarging future in the production of pelletized iron to compete with high grade imported ores. And they have brought one modern mine plant to the Menominee Range and the prospect of more.

The Lake Superior iron ore industry was secure for a century and then, as its most available ores were exhausted, it got enormous new competition from iron sources developed elsewhere. It has met this challenge by developing high grade iron pellets to compete with natural iron ores higher in iron content than those of the Lake Superior region. This development by Cleveland Cliffs Iron Co. and its partners and by Hanna Mining Co. has saved the iron industry in the U.P.

But looking down the long road to the future and what it may bring to the U.P. cities that depend heavily on iron income for their support, there are some clouds. While there's lots of iron in the U.P. that's no assurance of continued business. There's lots of iron throughout the world, but the last mine left on the Gogebic Range, for instance, but the last mine there is closing.

Making iron mining profitable is the problem. Making ore into pellets permits cheaper transportation because more of the waste is left at the mine and not hauled to the steel mill, and the pellets also make a furnace charge superior to natural ore.

The pellets help insure the continuance of the iron industry in the U.P. Even further reduction of the ore to iron, at the mine or at shipping points like Escanaba, is another step in the efficiency process. It is being undertaken at a new reduction plant being built by Hanna and National Steel Co. in Minnesota. Such investments anchor the iron industry and give it staying power by transferring more of the steel making process to the mine area.

The effort to compete by cutting costs is also exploring the feasibility of all-year lake ports for the iron ore traffic and all-rail movement of ore from mine to steel mill. There are economies in all-year ore delivery for the steel mills and ports which want to keep their iron business are exploring them.

The U.P.'s iron ports of Escanaba and Marquette, and to a lesser degree Manistique, have been fortunate in industrial change, and Ashland (shipping Gogebic ore) has been unfortunate. But there are more changes coming. Sometimes they can be influenced by a port's strong presentation of its economic advantages to the industries it serves. Progressive planning doesn't take pot luck, it helps get something for the pot.

## Spar For Break

By RAY CROMLEY

WASHINGTON — (NEA) — Highly significant unpublished technical Pentagon studies conclude that regardless of the tremendous U. S. military superiority over the Soviet Union today, scientific breakthroughs by Russia in any one of four military areas could upset the "balance of power"—at least temporarily.

● The first breakthrough possibility: An ability to disrupt "enemy" communications completely just before or during a war.

Both the United States and Russia are working all-out on this one. The high-up explosion of large nuclear weapons is known to disrupt major communication nets temporarily over large areas. But there are other ways to black out or jam electronic nets.

In a smaller area, U. S. naval scientists report that as of right now, "communications in operating naval forces are susceptible to electronic countermeasures and may permit location of the force by enemy direction finders."

As one possible countermeasure, military research men are exploring the use of low-power directive transmissions to a communications satellite relay.

● Second breakthrough possibility: An effective defense against Polaris-type submarines.

The United States has two big hopes here. Offensively, American scientists are trying to perfect equipment that will discover at long distances where the large metal submarines are hiding by noting highly inflammable cans of where they distort the earth's normal magnetic force lines.

Defensively, U. S. researchers want to discover ways in which the product which American submarines known as "Snow Quick" and can be built to cause weaker magnetic patterns.

possibility: An adequate system of defense against intercontinental ballistic missiles.

So far as scientists here can tell, the United States and the Soviet are running neck-and-neck on this problem. The U. S. Nike-X is coming along but not perfected.

As a partial countermeasure, in case the Russians develop defenses (and to make their defense job more difficult even if they don't), the United States is now developing a short-range attack missile to be launched from aircraft.

● Fourth breakthrough possibility: Russian ICBMs so accurate that hardened silos would not be adequate protection for unfired Minutemen.

U. S. military technicians think missile mobility is the answer to this one. They're studying these concepts:

A small ICBM, encapsulated at the factory to be delivered to remote locations ready to set up quickly and fire.

Missiles attached to "long-endurance" planes able to stay in the air for three to four days at a stretch.

Orbiting missiles similar in concept to those in the recent Moscow parade.

Any Russian breakthroughs in these fields would be nullified, of course, if U. S. scientists get there first.

## Snow Explosive

NEW YORK (UPI) — Fire Department inspectors have been ordered to check New York City stores and remove highly inflammable cans of where they distort the earth's normal magnetic force lines.

Fire Commissioner Martin wants to discover ways in which the product which American submarines known as "Snow Quick" and can be built to cause weaker magnetic patterns.

● The third breakthrough possibility: An effective defense against Polaris-type submarines.

## "What's So Reserved About That?"

## Need For More Planning

# Base Closing Hurts Sault

SAULT STE. MARIE — Civilian employees facing loss of their jobs in the ordered closing of Kincheloe Air Force Base near here have been promised new job opportunities.

Col. Ward W. Martindale, the base wing commander addressed 50 civic leaders on the means of easing the economic impact of the base closing by Oct. 1, 1970.

Kincheloe, 18 miles south of here has 253 civilian employees and 2,128 military personnel. All civilian workers face loss of jobs in the base closing, and Col. Martindale said the government would try to find them new job opportunities.

The 438th Fighter Interceptor Squadron with its F106 planes will relocate at Wurtsmith AFB at Oscoda by July 1, 1969. The 438th will replace an F101 squadron being inactivated at Wurtsmith.

The 449th Bombardment Wing at Kincheloe and its supporting units will be inactivated by Oct. 1, 1970.

Kincheloe's B52 aircraft and tankers and Hound Dog missiles are to be relocated at other bases.

The Bomarc Missile Squadron at the installation at Racine near Kincheloe is to be continued at a separate site which is to be made self-sustaining.

Dr. Kenneth J. Shouldice, vice-president and director of Michigan Tech - Soo, asked if the phase-out will be accelerated or proceed as programmed. Martindale said he was not prepared to say, and would, of necessity, have to stand on his original statement that the base will close by Oct. 1, 1970.

Dr. Shouldice said the Office of Economic Adjustment for economic programming should get under way immediately, as the closing of the base was certain to have a profound effect on the community, and four or five years was barely enough time to make necessary plans and adjustments.

Dr. Shouldice asked why Kincheloe had been singled out for closing rather than, for example, K. S. Sawyer AFB, near Marquette, which has a mission similar to that of Kincheloe. Martindale replied, "I haven't the slightest idea, and that's on honest answer."

Richard Burnett, Edison Sault Electric Co. president, asked what has been the disposition of Capehart and Wherry family housing units at other phased-out bases. Martindale said in some cases no disposition was possible, it depends on demand, he said.

Dr. Shouldice said this was a repetition of an old story.

Q—Why does a comet's tail usually point away from the sun?  
A—Forces from the sun drive tenuous gases away from the head of a comet to make its tail.

Q—How is the secretary-general of the United Nations appointed?  
A—By the General Assembly upon the recommendation of the Security Council and such staff as the organization may require.

Q—When was the first Roman Catholic Mass in the New World celebrated?  
A—According to an old print, it was celebrated by a priest who accompanied Columbus on his voyage.

Q—Why is it that "The Mystery of Edwin Drood" by Charles Dickens apparently ends in the middle of a chapter?  
A—Dickens was working on the mystery the evening before his death. This accounts for its being unfinished.

Q—How does Great Salt Lake compare with the ocean in salt content?  
A—Although it is fed by fresh-water streams and has no connection with the ocean, it is about six times as salty as the sea.

Q—Did any clergymen sign the Declaration of Independence?  
A—Only one—John Witherspoon of New Jersey.

Q—What is unusual about the climbing perch of Asia and Africa?  
A—It is a renowned land traveler and possesses special breathing equipment which permits it to leave the water and journey overland in quest of a new place to live.

Q—In Massachusetts, what does "Patriot's Day" commemorate?  
A—Observed April 19, it commemorates the Battle of Lexington.

Q—Was there ever a constellation called Cynosura?  
A—Cynosura was the ancient name for the constellation which we now call Ursa Minor, the Lesser Bear.

Q—What Armenian dish is known throughout the world?  
A—Shish kebabs, or lamb-on-a-skit.

Q—Our daughter, 5, is allergic to horses, which she dearly loves. If she goes near them her eyes water, she sneezes and itches all over. Other than keeping her away from horses, is there anything we can do?  
A—Many drugs are effective in treating allergic reactions but their use as a preventive is not advised. Desensitizing injections of an extract of horse

Q—Would bring to break a child of being left-handed make him stutter?  
A—No. All children stutter when learning to talk. The habit becomes permanent only when you call a child's attention to it and thus make him self-conscious about his speech. The cause of stuttering is trying to break a child of stuttering.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

Q—What is the difference between a horse and a donkey?  
A—A horse is a horse, a donkey is a donkey.

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

### 25 YEARS AGO

Gifts which will carry Christmas joy to the orphans at Marquette have been collected by St. Joseph High School Student Spiritual Leadership Council. Assembling some of the many articles which were generously donated are John Meier, Theresa Corcoran, Bill Nolden and Lucille St. Cyr.

Forty-seven toy doll beds made by WPA recreational leaders, will be distributed at the annual children's party given by the Business and Professional Women's club.

### 50 YEARS AGO

W. J. Field has returned from Mobile county, Ala., where he owns a small plantation on which he will set out this winter citrus fruit trees and pecans. Mr. Field is enthusiastic over the prospects for his holdings in Alabama and brought back with him some magnificent samples of fruit and nuts that were grown on land adjoining his plot.

Born to Mr. and Mrs. Charles Campbell at 406 S. Georgia St., a daughter, on Friday night.

Escanaba's delegation of young people who are students at different colleges and universities of the country, are now returning to spend the holidays at their homes.

## Order Creates New Michigan Military Agency

LANSING (UPI)—Gov. George Romney has signed an order creating a new state Department of Military Affairs although he believes the new department will require "substantial changes in structure."

The department, the 16th created under the Executive Reorganization Act, will combine the existing military establishment with the state Military Board, the Naval Militia and the Naval Board. The new unit will be headed by Maj. Gen. Clarence C. Schnipke, the state adjutant general.

In a note to Schnipke, Romney said, "Although substantial changes in structures as well as other administrative arrangements would be appropriate and in the best interests of the state military program, such changes cannot be made until the state's basic military laws have been revised and updated."

### RECEDING RATE

Horseshoe Falls, the Canadian part of Niagara Falls, carries the greater volume of water and is receding at an average rate of about four feet a year, according to the Encyclopedia Britannica.

## Ann Landers

# Holiday Brings Family Fights

Dear Ann Landers: I have been a police officer for over 19 years. The problem I am writing about is one I've had to deal with every year when I've pulled Christmas duty. I am talking about the Christmas eve family fight. We get more calls from neighbors to go out and settle fights on Christmas Eve than on any other night in the year, including New Year's.

You walk into a house which is gaily decorated, the tree is aglow, beautifully wrapped gifts are under the tree, and the husband and wife are throwing things at each other. The kids are crouched in the corners scared out of their wits.

About 99% of the time you are able to patch things up and nobody is arrested. But the holiday has been spoiled for everyone.

I wish parents could learn to control their drinking, their tempers and their tensions so that their children might remember Christmas as a happy time instead of a nightmare when the police had to come to break up a fight between Mom and Dad. Thank you. — OFFICER CHRISTMAS BLUES

Dear Officer: All of us are in your debt for an eloquent letter. Peace in the home and goodwill toward one another should be an integral part of family life, not only during the holiday season, but every day of the year.

Dear Ann Landers: A relative of Charles Darwin appeared on a radio program recently and revived an argument in our house that I hoped was dead. About five years ago my husband and I really went "round and round about this and now he's at it again."

My husband has a stack of literature to support the theory that man descended from the monkey. He has shown me charts and pictures of skulls which describe the evolutionary periods and I must admit that some of the first men and some of the monkeys look like they are pretty close relatives.

I am a religious person, however, Ann, and my early teachings make it impossible for me to accept this Darwin stuff. I would appreciate it if you would give me some support so I can convince him he is wrong. —FIGHT RENEWED

Dear Renewed: Save your breath to cool your soup, Lady. You won't change your husband's mind. He'll just show

## They'll Do It Every Time

By Jimmy Hatlo

# Ex-Glamour Girl Hopes For Break

HOLLYWOOD (UPI) — Ann Sheridan, a prime glamor girl in the 1940s, can be seen twice weekly on a soap opera in unprime time television.

It's quite a tumble from

## Benefit Fund Pays Off For GM Employees

DETROIT (UPI)—More than 345,000 General Motors hourly-rated employees have received their portion of a \$14,850,000 account from a Supplemental Unemployment Benefit (SUB) fund provided for in the 1964 contract signed with the United Auto Workers Union.

Payments of \$43 per employee were made today from the special account to which General Motors contributes five cents an hour for each employee eligible for SUB funds.

Once the fund reaches the point where no further contributions are required, the five-cent contribution goes into a special account to be distributed to employees if the amount is at least \$25 per eligible employee.

## BRIDE'S DAD GETS BREAK

NEW YORK (UPI) — The hotel calls it the "marry now-pay later" plan. And says Ralph Hitz, Jr., general manager of the Sheraton-Atlantic, it's an industry first.

The plan enables the bride's father to pay for the reception on the installment plan. Hitz computed the cost as low as 65 cents per person per month (for 24 months) for a reception which includes a champagne toast, a seven-course steak dinner, "live" music for dancing, a photographer to shoot a 24-picture album, a private hideaway bridal suite—complete with a chilled bottle of champagne. To boot, the bride gets to keep the silver knife used to cut the cake.

movie queen to daytime soap opera star, but Ann is taking it in stride.

There is still fierce pride in her eyes tempered by a sense of humor. She looks exceedingly well. Her figure is as dazzling as it was two decades ago.

But, truth be told, she is no longer an ingenue.

Ann recognizes the fact and cheerfully accepts roles as a mother to grown daughters.

She plays a parental role in NBC-TV's "Another World," the sudsy melodrama.

"Pistols 'n' Petticoats"

But with luck, and the sale of a pilot film, Ann may pop up on nighttime video starring in comedy western spoof titled "Pistols 'n' Petticoats."

Ann left her New York home to film the pilot at Universal

Studios where I caught up with her. She was sitting on the outdoor set dressed in a costume that couldn't conceal her curves.

"I hope the show sells," she said. "It could be a lot of fun. I play a mother in this one too. The character lives in Wretched, Colorado, and she and her daughter and mother are the three best shots in the West."

"My role is a combination of Annie Oakley and Calamity Jane. I guess I've worked in enough westerns in my life to feel at home in the part."

Movies or Soap

It will be two or three months—perhaps longer—before Ann is notified whether "Pistols 'n' Petticoats" has made the grade. If so, she will rent a home in Hollywood and begin shooting the series next May. If not, she will remain in New York with the soap opera.

While it has been many years since Ann starred in movies, she has kept busy with occasional television appearances, summer stock and on tour with a play.

She would prefer to settle down in a successful television series.

Spain Visited By Big Spenders

MADRID (UPI)—The number of tourists visiting Spain didn't increase much this year, but those who did come were much more open-handed than in the past, it was reported in Madrid.

Information Minister Manuel Fraga Iribarne said the tourist traffic during the first 11 months of 1965 was only 0.8 per cent higher than last year, but from January through September the foreign visitors spent more than \$856 million—an increase of 23.2 per cent over 1964.

Deep sea divers make a distress signal by holding up four fingers or rapping on an object four times.

Information Minister Manuel Fraga Iribarne said the tourist traffic during the first 11 months of 1965 was only 0.8 per cent higher than last year, but from January through September the foreign visitors spent more than \$856 million—an increase of 23.2 per cent over 1964.

Deep sea divers make a distress signal by holding up four fingers or rapping on an object four times.

"Like everyone else, I've read dozens of scripts for television series, but almost all of them are slush," she signed. "But this pilot is a very funny show, the kind an actress can look forward to doing."

"I'm keeping my fingers crossed."

## Fingerprint Bill Would Check On All Candidates

LANSING (UPI) — A bill to require all candidates for office to be fingerprinted for identity checks before their names are placed on the ballot is being prepared by Rep. Fredric J. Marshall, R-Allen.

Marshall said his bill, to be introduced in the 1966 legislative session, was inspired by the case of former State Rep. Daniel W. West that "reverberated from coast to coast and cast a reflection on the membership of the entire Michigan Legislature."

West, a Detroit Democrat, was denied his seat in the House by its members early this year after it was learned he had "borrowed" the identity of a deceased New York attorney.

Marshall's bill would require that fingerprints of candidates be forwarded by county clerks to the Michigan State Police Identification Bureau. If the candidate has a police record, it would be returned to the county clerk who would be "legally permitted to disclose" it to newsmen or citizens, Marshall said.

Marshall said that since it is standard procedure for civil service employees—including policemen, firemen and municipal employees—to be fingerprinted it is "only sensible that the voters of Michigan have an opportunity to learn for themselves the true identity" of candidates for public office.

# Santa and the Zabbazara Bus

BY LUCRECE BEALE

Synopsis: The Princess says the Voodoo man has no power over real life people. When the Voodoo man comes to Zabbazara Mr. D suggests he and the boy save the others by pretending to be Santa and the Princess.

## CHAPTER THIRTEEN DRESSING UP

Santa and the Princess rushed back to the palace with Mr. D and the little boy.

Mr. D put on Santa's long red coat and his red britches and his black boots. He stuffed two fat pillows in the front of his trousers and one behind. Santa got out the Princess's paint box and painted Mr. D's cheeks bright red. He put an extra bright dab on the tip of Mr. D's nose.

The little boy dug in his pockets and handed Mr. D two balls of bubble gum. Mr. D put one ball in each cheek and his face was as plump and rosy as Santa's.

The Princess got out her best white feather hat and snipped away at the feathers until they were shaped just right. Mr. D fastened the hat under his chin with an elastic band. When he was done not even Santa could tell which one was who or who was which one.

Then it was the little boy's turn. The Princess gave him her most elegant gown — white and gold with a red velvet train. He put it on backwards and side-

ways and even upside down before he got it on right. Every step he took he tripped over the velvet train until the Princess showed him how he could carry it over his arm if he absolutely must.

Finally she put a wig of golden curls on his head. "You look beautiful!" exclaimed the Princess. "I only wish I looked so!" She looked down at herself in dismay, for she was wearing the little boy's discarded clothing.

"You're still the Princess," said the boy shyly. "You're still —"

He was interrupted by Mr. D, who was standing guard at the window. "Here he comes! He is just walking through the gates!"

Santa and the Princess fled from the room. The little boy climbed on the Princess's throne. He arranged the velvet train around his feet. Mr. D sat on a stool at the side of the throne. Quaking inside, they waited for the Voodoo man to appear.

A feather from his whiskers tickled Mr. D's nose. He tried to blow it away. It only tickled more. Finally he just had to sneeze and he did — an enormous "Kerchoo!" — so enormous that both balls of bubble gum shot out of his mouth and clear across the room.

At this very moment the Voodoo man appeared in the door and was struck twice in the eye by the flying gum.

He looked so funny and so surprised the little boy couldn't help laughing, though he was shaking with fright. The Voodoo man was furious. He scowled.

"Laugh now. But you won't

laugh long, for I have you in my power."

Mr. D cleared his throat and said in a quivering squeak. "You aren't so big! Your spell didn't work on me in Santa Land!"

"It worked on all your workers. Now I'll take care of you and the Princess together, and Santa Land will be no more."

The little boy was shaking all over but he thought he ought to say something so he said, "Phooey!" in a very loud voice.

The Voodoo man's face turned white with rage. He rubbed his brows and muttered to himself. He brushed one foot hard against the other and turned around three times in one spot.

Then he pointed at Mr. D and the boy and said, "Marshmallows!"

Tomorrow: The Spell that Failed.

"You won't laugh long for I have you in my power."

## NRA Supports Gun Safety Bill

An official of the National Rifle Association of America recently indicated that Michigan's Department of Conservation has done the right thing by throwing its support behind a bill to provide a mandatory hunter safety program for youngsters under 17.

Warren Cheek, assistant director of training for the NRA, said the Department has carried out a voluntary gun safety program long enough (over five years) to have the experience needed for handling a compulsory one.

The NRA will lend a helping hand to the Department just as it has to 37 states and four Canadian provinces which are enrolled under its program. Cheek, reported that the NRA would provide instructor training for the Department's personnel.

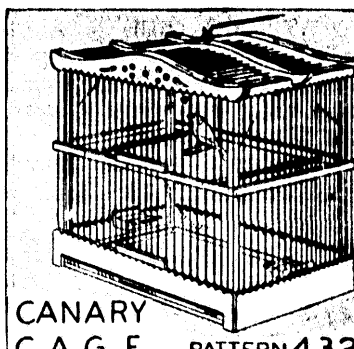

Pointing to results of other states having mandatory hun-

ter safety training, which he describes as an eventual "must" in Michigan, Cheek said this type of program is more effective than a voluntary system in cutting down firearm accidents.

John Anguilo, chief of the Department's law section, reported that young Michigan hunters could stand to sharpen their gun-handling skills. He pointed out that those under 17 caused 24 percent of the State's small game firing accidents in 1964 and 20 percent of last year's shooting mishaps during the deer season.

He projected that by Oct. 1, 1968, the Department would have to train nearly 137,000 youngsters if a mandatory program were enacted into law. This compares with 75,000 youths who have completed the state's voluntary training course since it was launched in 1960.

## Home Workshop

A BEAUTIFUL HOME for your songster may be made of plywood, wire and a sheet of metal for the slide-out tray for cleaning. Pattern 432, which gives actual-size cutting guides for the graceful wood parts and assembly directions, is 35c. This pattern is also in the Variety Packet No. 64 with an interesting assortment of other things to make—all for \$1. ESCANABA DAILY PRESS Pattern Dept. Bedford Hills, New York

## MAIL EARLY WITH CHRISTMAS STAMPS

## USE CHRISTMAS SEALS

## FIGHT TUBERCULOSIS and Other Respiratory Diseases

## Expect Record Yule Tree Cut

If cut-and-waiting supplies can be shipped in time to meet booming demands, a record 4-5 million Michigan Christmas trees may be sold this holiday season, the Conservation Department estimates.

About 2.5 million or more of these will add their greenery to the home of Michigan families who are expected to buy nearly three million Christmas trees this year.

With Michigan growers riding the crest of nation-wide sales which have increased by 11 million trees since 1943, another 750,000-1,000,000 state-grown trees are scheduled for shipment to eastern states, where they have found a growing market because of their high quality.

The bulk of remaining yuletide trees from Michigan have been ordered by retailers in neighboring and southwestern states.

The big question at the moment is whether Christmas tree distributors in this state can move their full supplies to marketing places. Many of the state's largest growers reportedly have big orders yet to fill with a serious problem facing them in finding labor to load trees for deliveries to retailers.

If this problem can be overcome, they should have no trouble topping last year's sales which reached 3.2 million trees for a grand total of nearly \$20 costs.

The people's choice among Michigan trees this season will again be scotch pine which is expected to figure for about 75 percent of the total sales. Other favorite species will include spruce, balsam, and Douglas fir.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year — more than for all television spot announcements or radio advertising.

## Eaton Records Highest Profit

PHILADELPHIA — Eaton Yale & Towne Inc., the new corporate name of Eaton Manufacturing Co., effective Dec. 31, is finishing this year with record sales and earnings and will show further good gains in both volume and profits in 1966, E. L. Ludvigsen, president, told a luncheon meeting of the Financial Analysts of Philadelphia last week.

The executive said net profits for 1965 "are expected to approximate \$43 million up 32 per cent over the profits for 1964. For next year our preliminary sales projection shows an approximate improvement of 10 per cent over 1965 and we

believe that profits will show a satisfactory increase."

Ludvigsen said share earnings of Eaton & Towne will be "slightly over \$5.75 on each common share as compared with \$4.36 in the previous year." Both years are figured after preferred dividends.

This move, he noted, will add approximately \$57 million to the company's sales in 1965, lifting the total to around \$700 million, an increase of 15 per cent over the 1964 figure on a fully consolidated basis.

Looking ahead, the executive predicted continued growth for sales and earnings, with allowances made for fluctuations in the economy.

"Our future planning and tentative capital spending programs are based on reaching a sales goal in excess of \$1 billion from our existing markets," Ludvigsen declared. "Given a continuation of a favorable economic climate, this goal could be reached by 1970. And we would expect... that net profits will show an equal or greater improvement."

Capital expenditures for plant and equipment in 1965, on a fully consolidated basis, will approach \$30 million, an increase of nearly \$9 million over the 1964 figure which was the previous record, Ludvigsen said, "and 1966 expenditures will be at least as large as those of 1965."

The executive placed the general products group (which serves both the capital goods and consumer markets), materials handling equipment, Dole Valve and foreign operations as the areas which hold the greatest future growth potential for the company.

In other areas, he said: "We think that the trucking industry over the long term has a long way to go from here and we expect to gain additional penetration from our proprietary axles and transmissions." He noted that the company's sales of passenger car products are running ahead of a year ago and "our backlog of orders is higher today than at this time in 1964. This augurs well for at least the next five or six months."

## Crime Victims' Fund Proposed

DETROIT (UPI)—Atty. Gen. Frank J. Kelley, the state's top legal officer, has proposed a program of financial compensation for victims of violent crimes.

"The time has come for us in Michigan to give the victims of crime as much consideration as we give criminals," Kelley said in a speech to the Sigma Delta Chi journalism society here.

As a starting point, Kelley suggested a reservoir of about \$100,000 in state funds plus use of special court fines to aid the survivors or victims of crimes in at least three general categories:

—"The individual who is killed or injured when coming to the aid of a victim of a crime."

—"The individual who is killed or injured while assisting a law enforcement officer in the apprehension of a criminal or in a related activity."

—"The individual who is the primary victim of a crime of violence."

**White Paper Topic**  
Kelley revealed that the compensation proposal will be one of the main items in his so-called "white paper" on crime in Michigan, which is to be released soon. The paper will outline the extent of crime in Michigan and suggest ways to combat crime.

Similar compensation proposals have met with little success when introduced in the legislature, but this is the first time the idea has been publicly endorsed by an attorney general in Michigan.

"It is my hope that by announcing the broad outlines of this proposal at this time public review and debate of this idea of compensating victims of crime will be stimulated, and out of this public scrutiny can come a plan which will be meaningful and practical and which will help us to meet this grave problem," Kelley said.

In 1964, both Great Britain and New Zealand adopted programs for the compensation of crime victims. Early this year, California adopted a new law making provision for the victims of crime.

**Keep Costs Down**

Kelley, while acknowledging that the proposal could become expensive if expanded, said, "if we can find money to take care of the needs of the criminals, we have, at the very least, a moral obligation to find funds to take care of their victims."

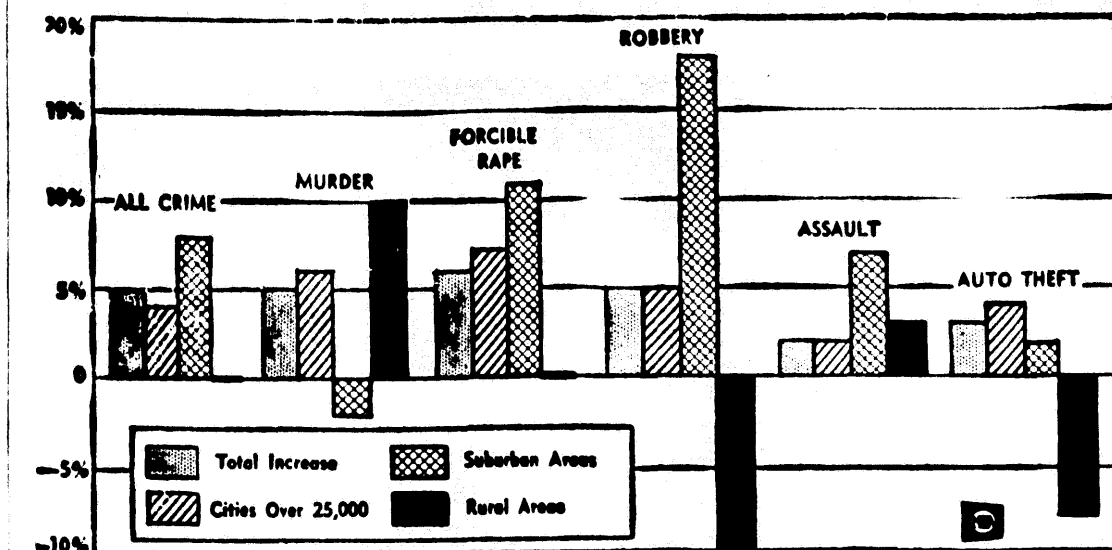

To help control costs, Kelley suggested that compensation be based on actual need for financial aid, and that initially, at least, there be no payment for crimes committed within families, but only for so-called "stranger crimes."

There were 269 intentional killings in Michigan on 1964 of which 31 per cent were within families, Kelley said.

He also suggested that upon conviction in cases of violent crimes, courts set an additional fine which would go into a special compensation fund for victims. The court fines and state funds could be handed out by a state agency empowered to determine when compensation is needed and just how much, within statutory limits, should be paid.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistiquette and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

## CRIME CREEPS UPWARD

THE NATIONAL crime rate is continuing to show an upswing and it is having its heaviest impact in the suburban and small town areas of the country. Newschart above, based on Federal Bureau of Investigation figures for the first nine months of 1965, shows the suburbs recording the greatest percentage increase in total crime and most major categories over the same period last year.

## Hogs Perish In Modern Pen

MUSKEGON (UPI) — The strange case of 500 little pigs who never made it to market because science overlooked a small detail, is nearing a conclusion in Circuit Court here.

Caryl G. Johnson, a Fruitport, farmer and hog raiser, is suing for \$15,000.

According to Johnson, here's what happened: He is raising his hogs under a new scientific method which has proven efficient. But somebody goofed at the start.

The method involves construction of a huge block-long barn with a feeder conveyor inside. There are no windows, and fresh air is supplied by huge ground level fans.

This, said Johnson, is where the developers blew it.

The hogs stay inside the building until they're plump enough to market. A 200-pound weight can be reached within

90 to 100 days, if everything works okay.

But, Johnson said, fans located under the feeder belt became clogged with small grains of food, causing the fans to break down and shut off fresh air to the animals.

He said nearly 500 of his hogs died or became ill and never made it to market last year.

Since then the fans have been sealed, have worked fine, and his hogs are gaining weight in comfort.

Johnson is suing the Chelsea Fan and Blower Co. of New Jersey and some local contractors associated with the installation of the fans.

The Chelsea officials claimed the system is so new they were unaware of all the problems which could develop. They also said they were not told all the facts when they installed the fans.

## Briefly Told

August Mattson Post of the American Legion will meet at 7:30 tonight in the Legion Hall.

A report by George Mattile, Rte. 1, Rock, that six Christmas trees were stolen from his farm is being investigated by State Police.

Gladstone city police issued a traffic court summons to Archie Lantagne, Escanaba Rte. 1, for having an expired operator's license and disobeying a stop sign.

James Damitz, manager of the Michigan Employment Security Commission office in Escanaba, said today that regular Tuesday office hours in the Gladstone City Hall will be suspended this week and next. Damitz said any Gladstone resident with claims to discuss should come to the Escanaba office.

Randall D. Lancour, 17, of Rte. 1, Gladstone, was ticketed by State Police for driving on the wrong side of the road after his car struck a guard post off Co. Rd. 426 in Escanaba Township at 7 p.m. Saturday. Lancour told police he was attempting to adjust his car radio and the vehicle veered to the left. Troopers also ticketed Carl J. Stenberg, Rte. 2, Bark River, oversee load without permit and expired registration plates; Francis F. Johnson, 1929 N. 18th St., Escanaba, failure to stop for stop sign; Richard L. Menard, 316 N. 21st St., Escanaba, speeding; Philip D. Carlson, Rte. 1, Gladstone, speeding.

## Two Youths, 18, Plead Guilty To Beer Possession

Paul L. Westlake, 18, and James R. Choate, 18, both of Rte. 1, Bark River, each have been placed on one-year probation by Justice Ross Davis of Gladstone after they entered guilty pleas to charges of being minors in possession of beer. Each also paid fines and costs, \$32.30.

State Police arrested the youths Tuesday, Dec. 7, on US-2-41 just west of Bark River. Troopers stopped Westlake's car for defective lights.

Besides the beer possession charge, the youths were also cited for having a loaded rifle in the car. Both pleaded guilty and each paid a \$10 fine, plus costs of \$7.30 for Westlake and \$8.80 for Choate.

# Women's Activities

## List Services At Hermansville

Father Gervase Brewer announces, the following program for Christmas week at St. Mary's Church, Hermansville.

Confessions for the Children on Thursday and Friday, 9-10 a.m.

Confessions for adults on Thursday from 4-5 and 7-8 p.m. and Friday afternoon only 5 p.m.

Christmas Eve services will begin at 11:30 p.m. with the singing of hymns by the Senior Choir. At 11:45 the altar boys and the pastor will approach the crib in procession, there Father Brewer will intone the blessing.

The High Mass will begin at midnight. The Senior Choir will sing the "Festive Mass in English" by Rev. Joseph Hoff, with the male section doing the propers. Pre-mass hymns and carols will include: "The First Noel, O Little Town of Bethlehem, Unto Us A Boy Is Born, When Blossoms Flowered 'Mid the Snows, There In A Stable, O Holy Night, and Silent Night." Recessional will be "Joy to the World." The choir is under the direction of Mrs. Frank Rodman, organist.

## Births

**DEMBROSKI** — Mr. and Mrs. Charles Dembroski of Detroit are the parents of a daughter born Dec. 8 and weighing 6 pounds and 6 ounces. She has been named Barbara Ann. Mrs. Dembroski is the former Gayla Prim.

## Social-Club

**Christmas Program**  
St. Patrick's School Christmas program will be held tonight in the St. Pat's gym. A food shower for the St. Pat's nuns will also be held at this time.

Mrs. Carl Johnson (Gordon Nelson Photo)

## Gail Johnson Bride Of Carl F. Johnson

The Immanuel Lutheran Church, its altars adorned with red and white floral bouquets was the setting Saturday, Dec. 11 at 2 p.m. for the wedding of Gail Eileen Johnson and Carl Franklin Johnson.

The Rev. Roger Patrow officiated at the double ring ceremony. Traditional wedding music was played by organist, Kathy Yeaton and soloist was Donald Yeaton. The bride is the daughter of Mrs. William Johnson of Rte. 1 Cornell and the late William Johnson. Mr. Johnson's parents are Mr. and Mrs. Carlton Johnson of Rte. 1 Escanaba.

The bride chose for her wedding a floor length gown of white lace and she carried a bouquet of white feathered carnations.

**Red Velvet**  
The bride's attendant, Shirley Larson, matron of honor and Cindy Swetkis, bridesmaid, were attired in gowns of red velvet with red velvet and net headpieces. They carried bouquets of red and white carnations.

Serving as best man was Leonard Larson and groomsmen was Bill Johnson, David Herbst and John Romen seated the guests.

For her daughter's wedding,

## Karen D. Maki, James Kell Exchange Vows

Karen Dianne Maki, daughter of Mr. and Mrs. Jacob Maki of Champion became the bride of James Kell, son of Mrs. Ivan Kell and the late Mr. Kell of Powers, on Nov. 27 at 2 p.m. in St. Stephen's Episcopal Church. The Rev. Ben Helmer officiated at the double ring ceremony.

The bride wore a creamy white suit with matching accessories and a corsage of white mums. Matron of honor, Mrs. Marilee Davidson, chose a turquoise suit with brown accessories and a yellow mum corsage. Best man for his brother was Karl Kell.

A wedding supper for immediate members of both families was held at Marco's Starlite Room.

The bride is a graduate of Champion High School and St. Luke's Hospital School of Nursing and she is presently employed at the Henry Ford Hospital. Mr. Kell is a graduate of Powers-Spalding High School and is now attending Greene's Barber College. The couple now resides at 875 Seward, Detroit.

## Powers-Spalding

The Powers-Spalding Women's Catholic Order of Foresters held their Christmas dinner party at the Wildwood Country Kitchen on Wednesday evening. Seventeen members attended. Gifts were exchanged and the evening was concluded with a gift game.

## Births

Mr. and Mrs. Raymond Fazer are the parents of a daughter, Lisa Elizabeth, born Friday morning at St. Joseph Lloyd Hospital, Menominee. The baby weighed seven pounds, five ounces.

The Powers-Spalding Lions club will hold their annual Christmas party at the Wildwood Country Kitchen Monday evening. There will be an exchange of gifts.

## U.C.T. Council Party Successful Affair

Approximately 80 U.C.T. members and guests enjoyed the Christmas party and smorgasbord put on by the Eagles Ladies Auxiliary Saturday evening at the Eagles Hall.

Toastmaster, "Doc" Al Gossan opened the program with the invocation by Fred LaBranche and then introduced Grand Councilor, Vern Sorenson and his wife from Iron Mountain. Also attending from Iron Mountain was Senior Councilor, C. Nepper and his wife, I. R. Peterson and Clarence "Lars" Larson, former grand councilors from Escanaba were honored during the program. Also honored as past members of the grand council

of the Ladies Auxiliary were Mrs. Clarence Larson and Mrs. Mabel Oslund. Good wishes were extended to Mrs. Eleanor Bast for her work in the grand council for the coming four years.

The main object of the party was to honor the former Senior Councilors of the local council. Those attending were, George Chaudoir, Al St. Pierre, Wayne St. Pierre, Vagn Gydeson, M. R. Oslund, Ed Harkins, Walter Borkquist, Sherman Robinson, Dr. G. H. Bast, Fred LaBranche and Hubert Boudreau.

Standing ovations were accorded Jim Gibson, Mrs. Al Gossan and Mrs. Clinton Groos for their musical presentations. Swede and Honey Boudreau also sang several numbers which was followed by community singing.

Much hilarity was added to the evening's fun by the gift exchange under the direction of Jack and Jean Savard. Members were allowed to claim another's gift if so desired.

Door prizes were won by Pat McGee, Harry Middleton and Dr. Al Gossan.

## St. Anne's Party Will Be Tuesday

St. Anne's Home and School Christmas party will be held Tuesday at 7:30 p.m. in the parish hall. The program will be presented by the first, second and third grade students. A feature of the evening will be a presentation of musical selections by future Holy Name High musicians, under the distributed to a purse for the Carmelite Sisters at Iron Mountain. Lunch is in charge of the sixth grade room mothers.

## Sundeen Named Tech Chairman

HOUGHTON—Dr. Stanley W. Sundeen, manager of research and ore development for Cleveland-Cliffs Iron Co., Ishpeming, was elected chairman of the Michigan Technological University Board of Control Friday. He succeeds Charles J. Moskowitz, Mount Pleasant.

R. C. Cole of White Pine, president of White Pine Copper Co., was elected vice chairman, succeeding Dr. Sundeen.

Dr. Sundeen, a native of Kerkhoven, Minn., holds B. A. and Ph. D. degrees from the University of Minnesota. At Minnesota he earned Phi Beta Kappa honors and was elected to three honorary science fraternities. He has been associated with Cleveland-Cliffs Iron Co. since 1936.

Dr. Sundeen is a member of the American Institute of Mining, Metallurgical and Petroleum Engineers and the Canadian Institute of Mining Engineers. He is also a director of the Miners' First National Bank, Ishpeming. Cole, a White Pine executive since 1961, is a graduate of the University of Washington. He is a director of the AIME and a member of the American Society for Metals, Mining and Metallurgical Society of America and the American Mining Congress. He is also chairman of the board of Citizens' State Bank, Ontonagon, and a vice president of the Copper Range Co.

Members of the Board of Control in addition to Dr. Sundeen, Cole and Moskowitz are William H. Doernier, Saginaw; James J. Fenlon, Sault Ste. Marie; Dr. David H. Morgan, Midland; Fred G. Secrest, Dearborn; and Louis C. Verrette, Iron Mountain.

Dr. Stanley W. Sundeen

R. C. Cole

## Escapee Caught; Chase Fatal To Sheriff's Wife

BAY CITY (UPI)—State Police man was having incoherently like captured a jail escapee but was not armed and did not struggle. He was hospitalized in a psychiatric ward at Saginaw County Sheriff Wallace County Hospital.

W. Bentz was killed in an auto wreck. Bentz was injured, killed shortly before midnight as police launched their chase for Delong who fled from the Mason County jail at Ludington. Police radioed ahead and had the Milwaukee draw bridge opened. He had ignored a barrage of pistol and rifle fire which punctured the tires and gas tank of his stolen truck.

DeLong fled down a hill but troopers John Shewell and Frank Good of Bay City grabbed him. Shewell said the

## Cecilia Maynard Dies Suddenly At Hospital

Mrs. Cecilia Maynard, 56, of 215 Ogden Ave., died suddenly Monday at 5:45 a.m. at St. Francis Hospital. She was born May 4, 1908 in Watson. She was raised in Escanaba and had lived here for 20 years. She had moved to Laurium, Mich., and had recently returned to Escanaba for a visit. She was a member of the Sacred Heart Church in Laurium.

She is survived by her husband, Bernard and one son, Bernard Jr. of Escanaba; three sisters, Mrs. Bernadette Essex, Miami, Fla.; Mrs. Olive Nelson, Dearborn; Mrs. Helen Nelson, Escanaba; four brothers Robert Morin, Braidwood, Ill.; Vital, Lake Orion, Mich.; Lawrence, Escanaba and Raymond of Rapid River.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday and parish prayers will be recited at 8 p.m. Tuesday. Funeral services will be held at St. Joseph's Church Wednesday at 9 a.m. with the Rev. Jordan Telles officiating. Burial will be in Holy Cross Cemetery.

## John E. Lammi Taken By Death

John E. Lammi, 78, 1712 1st Ave. S., died at 6 p.m. Sunday at St. Francis Hospital where he had been a patient for 25 minutes. He was born in Pomarkku, Finland on Oct. 18, 1887 and came to Ishpeming in 1907. He moved to Escanaba in 1923 and operated the Uptown Hotel for many years. The past 15 years he owned and operated the Escanaba Steam Bath.

Surviving are his wife, Anna, two daughters, Mrs. Daniel (Irene) Gallagher, Escanaba, Mrs. Ruth Beauchamp of Waukegan; three grandchildren, 14 great-grandchildren and several nieces and cousins.

The body has been taken to the Anderson Funeral Home where funeral arrangements are incomplete at this time.

## Auto Crashes Injure Four

James R. Haga, 21, of Kipling, was injured in a collision of two cars at 10th and Ludington Sts. shortly before 11 a.m. today, and was removed unconscious from his auto and taken to St. Francis Hospital.

Police said that Haga regained consciousness at the hospital and they were waiting to question him later.

The cars were driven by Haga and Phil Miron of Escanaba. Haga, the supervisor of Ford River Township, Police reported that Haga drove through a stop light at the intersection.

Haga suffered a bump on the head when he struck the dashboard. Miron was uninjured.

In other accidents over the weekend in Escanaba Kathleen Lippens of 1603 S. 14th St., suffered bruises when the car she was driving struck a parked automobile in the 1400 block S. 14th St., owned by Fredolph Solander of Stephenson.

Police said the accident was at 8:53 p.m. Saturday and she was adjusting the heater of her car when the crash occurred. She was ticketed for failing to exercise due care.

Lawrence J. Boudreau of 316 S. 17th St. and Gertrude Boudreau were injured when the car driven by Boudreau struck a parked car owned by Ruby Peterson of 325 N. 14th St.

Boudreau suffered bruises and abrasions of the face and Gertrude Boudreau has a bruised knee. The accident was at 7:55 p.m. Saturday and police ticketed Boudreau for improper lane usage.

There were a number of other traffic court summonses over the weekend, including:

Arnold Anderson, 1008 N. 18th St., failing to exercise due care; Albert G. Kurth, Gladstone Rte. 1, disobeying a traffic signal; Bruce G. Pepin, Escanaba Rte. 1, speeding; Frank A. Rivers, Gladstone Rte. 1, failing to exercise due care; Judith A. Hale, 1635 16th Ave. S., failing to stop in the assured clear distance; David R. Peterson, Iron Mountain, leaving the scene of a property damage accident; and to Charles D. Beauchamp, Wells, failing to stop in the assured clear distance.

## Wife Of Surgeon Has Quadruplets

AUCKLAND, New Zealand (UPI)—Mrs. Herbert Rawson, wife of a surgeon, gave birth to quadruplets tonight—two boys and two girls.

Doctors at the National Women's Hospital said they were a bit concerned about the condition of the infants.

Among the first to congratulate the Rawsons was Shirley Ann Lawson who gave birth to quintuplets at the hospital last July after treatment with a fertility drug.

Doctors refused tonight to say whether Mrs. Rawson had also had the drug.

## Economic Act Application In U.P. Discussed

HOUGHTON — There is nothing more complicated than economic development, an audience was told on the Michigan Tech campus, then they spent the better part of the day finding out why.

The meeting was a tri-state Upper Great Lakes Conference on the Public Works and Economic Development Act of 1965, which attracted 150 people from Michigan, Wisconsin and Minnesota.

Chairman of the program was State Rep. Russell Hellman (D-Dollar Bay) chairman of the House Upper Peninsula Economic Development Committee. It was created to investigate the Public Works and Economic Development Act and see that the state takes any action necessary to implement the Act in the U. P.

Discussion of the act involved both "vertical" and "horizontal" economic aid. Vertically, the Upper Peninsula was related to the remainder of Michigan, and horizontally, it was linked with its sister states of the Great Lakes area — Minnesota and Wisconsin.

### Senate Official

In discussion of Title 5 of the Act, Ron Linton, staff director, U. S. Senate committee on Public Works, sketched a brief history of the Great Lakes area.

He said Title 5 is concerned with the creation of regional commissions, such as the Upper Great Lakes Development Commission to cut across state boundaries and help solve regional problems.

He said such a commission would determine what goods and services an area is capable of producing and how to utilize them. This would require analysis of its transportation situation, labor pool, capital attractions and development of its water resources.

Such a commission could not financially assist several small projects with no bearing on the overall economy of the region, he said, nor would it try to develop something that isn't there.

William Jewell, Detroit, regional coordinator, Economic Development Administration, described the "vertical" aid aspects of the new Act — Titles 1, 2 and 3. Title 1, he said, deals with grants for public works and development facilities, be they roads, waterways or even medical facilities. All applications for such assistance, however, must have the support of the local government of the area where it originates, even if the originator is a private organization.

### Loans To Business

Title 2 of the Act is a very broad loan program for business and industry, which also includes a new category of guaranteed loans for working capital. Not only are more opportunities available, he said, but under the new Act the government can move much more rapidly in granting loans than ever before under previous legislation.

Title 3 deals with technical assistance and is greatly expanded and has a greater scope than the provisions of the older Area Redevelopment Administration. This section of the Act provides for direct technical assistance to areas with substantial need, or grants for technical assistance can be made to qualified organizations.

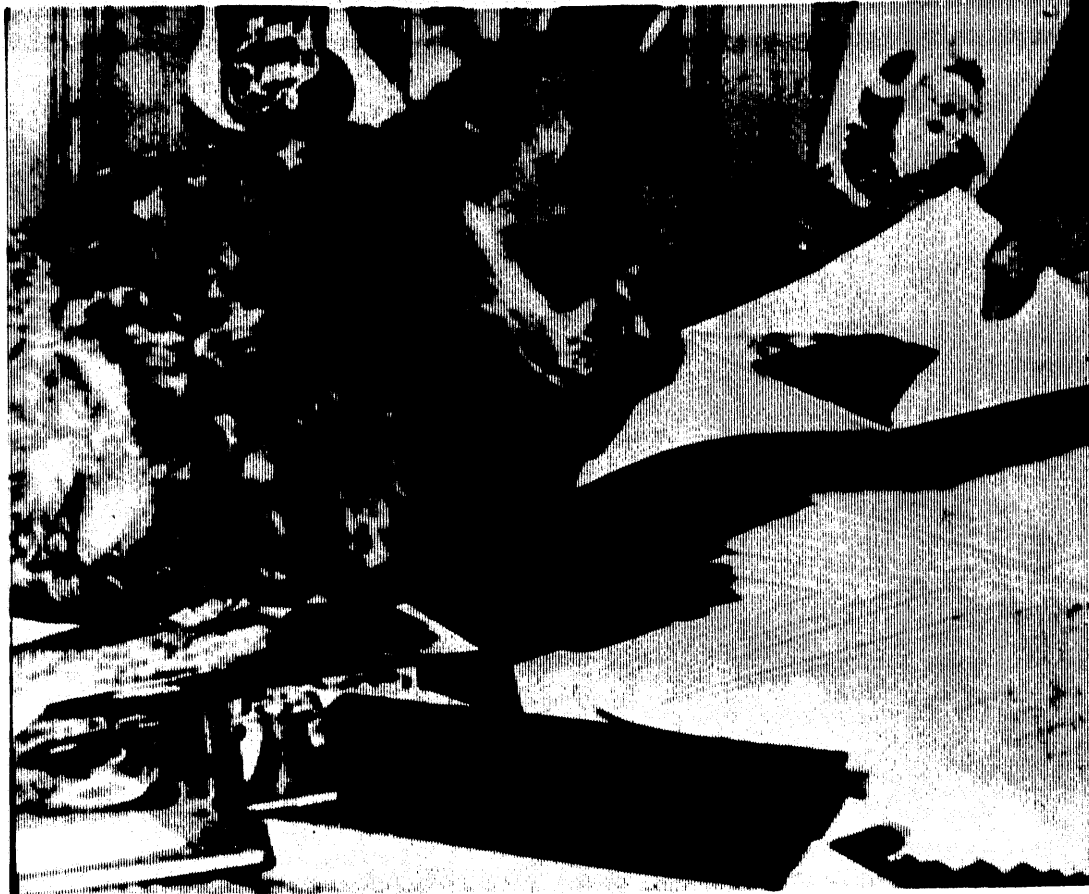

Jewell said there is \$9.5 million available for the remainder of this fiscal year for Title 3, and the figure may go to \$25 million annually in the future.

He said there is no "phasing out" of Great Society programs. The government's defense commitments, however, may result in a "slower phasing in some of the programs."

Mike Conboy, director, Michigan Department of Economic Expansion, said the key to the entire program of economic assistance is coordination, and the state is the middleman in the Act, between the federal government and various local governments.

## Highway Safety Research Gets 10 Million Aid

ANN ARBOR (UPI) — The University of Michigan has announced plans to begin a new highway safety research institute financed by multi-million dollar contributions from the U.S. auto industry.

University officials said they have received a \$10 million grant from the auto industry to coordinate studies of highway transportation and undertake a broad systems approach to needed research in the field.

Secretary of Commerce John T. Connor added his support to the institute.

**Largest Ever Received**  
"Increased national efforts including university and private industry support will be essential to assure substantial reduction in the level of current traffic fatalities and accident injury rate, and the resulting economic and social loss."

This program along with other private and governmental efforts will go far toward

achieving an integrated attack upon the problems of highway safety," he said.

The Automobile Manufacturers Association will pay the \$6 million operating cost of the institute for the first five years. The Ford Motor Co. and General Motors Corp. contributed \$4 million for the construction of the new institute.

Dr. Harlan Hatcher, university president, said the \$10 million grant was the largest corporate gift ever received by the university.

**Confidence in U. M.**  
"It is to the great credit of the automotive industry that it recognizes this need, and has come forward with this major contribution," he said.

U-M officials said the institute will include a laboratory center, an information program, a research and instructional program and a student fellowship training program oriented toward professional careers in highway safety.

"The board of directors of the Automobile Manufacturers Association, (AMA) representing the major U.S. auto and truck producers, believe that this new facility will offer an unexcelled opportunity to increase highway safety throughout the nation," said Roy Abernethy, president of the AMA and of American Motors Corp. President James M. Roche of General Motors said his company's contribution "reflects both our confidence in the ability of the University of Michigan to perform valuable new work in this important field, and our continuing support of efforts to advance the cause of highway safety."

## College Moves At Grand Rapids

GRAND RAPIDS (UPI) — Today is moving day at Grand Valley State College.

Tons of equipment, stored in various buildings over the campus at Allendale, will be loaded in trucks and cars and taken to the new science center now ready for occupancy.

But about 10,000 volumes for the science library will not be moved until the end of February—because delivery on bookshelves for the library has been delayed.

Laboratories will be ready for classes Jan. 5. The winter quarter registration will be held Jan. 3 and 4.

## Protest

NEW YORK CITY — The National Audubon Society has joined three other American conservation organizations in protesting a current ad that exploits the skins of such rare and endangered wild animals as the polar bear and the African leopard.

## Ford Racing Engine Banned

DEARBORN (UPI) — Ford Motor Co. will not have an entry in the major U.S. stock car competition next year as a result of an announcement that their 427 cubic inch, single overhead cam racing engine has been banned by both USAC and NASCAR.

The action by the two major racing associations Friday was taken, they said, because the engine was not a production model and thus did not fit the designation "stock." This was the same reason used to ban the "hemi-head" Chrysler engine this year.

Obviously, with the season's start just a month away, it will not be possible for us to prepare factory-sponsored vehicles in time for the early stock car races, such as Riverside and Daytona," Leo C. Beebe, in charge of Ford's competition program, said when informed of the ban.

"We believed the Ford plans to race in 1966 with a single overhead cam engine was completely consistent with current NASCAR rules. We have been developing and testing the single overhead cam engine for the past three years, proving its superiority by winning the Manufacturer's Championship on most major drag circuits this year," he added.

However, he said, Ford will proceed with its previously announced plan for an extensive competition program for 1966.

Ford won 48 of 55 Grand National Championship races on the NASCAR circuit this past year while the Chrysler engine was banned. It has since been approved for use in 1966.

# Chiefs Win; Tribute To Late Star

By United Press International

In the most fitting way they know, the Kansas City Chiefs have paid their last respects to Mack Lee Hill.

The late Chiefs' fullback, who died last week from complications following "routine" knee surgery, was an inspiring type of football player whose contribution to the Chiefs' morale was infinite.

This type of spirit that Hill instilled in the team shown brightly Sunday as the emotionally-charged Chiefs rallied to whip the Denver Broncos 45-35 on the final weekend of the American Football League season.

# Apisa Is Okay For Bowl Game

PASADENA (UPI)—Michigan State's Rose Bowl team worked out in 68-degree, sunny southern California Sunday, and Coach Duffy Daugherty reported his injured fullback Bob Apisa would be ready for the game with UCLA.

"We're trying to get him ready physically," Daugherty said of his hard-running, Hawaiian sophomore. "I'm going to let him go full tilt next Monday. He'll be ready New Year's Day."

Daugherty worked his No. 1 offense and defense an hour each and sent his reserves through a two hour drill. He said he would continue his one drill a day policy.

The genial coach took time out from his practice to praise Gary Behan, the Bruins' versatile sophomore quarterback.

"He's improved greatly since our first game when we beat them, 13-3," Daugherty said. "He was the most versatile quarterback our team encountered this year, and that includes Purdue's Bob Griese."

"Behan puts a lot of pressure on the corners with his roll-outs. He also worries us with the long bomb, but remember we had a good pass defense."

# Red Wings Fail To Hold Lead, Bow To Hawks

CHICAGO (UPI)—The Detroit Red Wings failed to hold a last period lead Sunday night and lost a National Hockey League game to the second place Chicago Black Hawks, 5-4.

The Wings, trying to make it two straight over the Black Hawks, saw their 4-3 lead vanish as Bobby Hull tied the game at 12:43 and defenseman Pat Stapleton rifled home a 30-foot shot to win the game just ten seconds before the final buzzer.

Bruce MacGregor scored a hat trick, with one goal in the first period and two more in the third to provide most of the Detroit scoring punch. Jimmy Peters scored the other Wing goal, the first of his major league career, in the first period.

The Red Wings lead three times during the game but couldn't stop the hard skating Black Hawks. MacGregor put them ahead, 1-0, early in the

# Titans Extend Victory String

By United Press International

Two of the early season power teams in Michigan basketball, the University of Detroit and Central Michigan, rolled to easy victories in Saturday night games.

The University of Detroit boosted its season record to 5-1 with a 103-80 victory over Baldwin - Wallace, with Lou Hyatt topping the Titan scoring with 28 points.

Titan stand-out Dorie Murray returned to the Detroit lineup and scored 26 points to help hand Baldwin-Wallace its fourth loss in five games this season.

Central Michigan dominated Calvin College, with a 75-66 count as Don Edwards piled up 19 points while playing only half of the game. It was the seventh win in eight games for the Chippewas.

Michigan Lutheran picked up its second win of the year, against six losses, by whipping Salem College, of Ohio, 83-58. Mervin Gallop scored a total of 51 points for Michigan Lutheran.

In other action, New York upset Buffalo 14-12 and San Diego topped Oakland 24-14. In a game played Saturday, Boston tripped Houston 42-14.

Rookie quarterback Joe Namath had a bad passing day but still managed two TD tosses to upend the favored Bills. Namath completed only 17 of 44 passes, but he connected twice with flanker Don Maynard for scores and a hard-nosed Jets' defense made the two touchdowns stand up.

Reserve quarterback Don Breau hit flanker Lance Alworth on a 66-yard touchdown pass in the final quarter to spark the Chargers' over Oakland. Starting quarterback John Hadl connected twice with Don Norton for scores to bring the Chargers back from a 14-0 deficit and the Breau to Alworth bomb proved to be the decisive point.

San Diego's Paul Lowe, the league's leading rusher, set an AFL single-season rushing mark as he gained 32 yards on three carries for a total of 1,122 for the season. This bettered the old mark of 1,099 set by Oakland's Clem Daniels.

Boston's victory over Houston on Saturday was sparked by the 31-year-old Cappelletti who scored 28 points to win his fourth league scoring crown. Cappelletti caught two scoring passes from Babe Parilli, kicked four field goals and added four extra points to lead the Patriots out of the Eastern Division cellar. Boston finished the campaign with a 4-8-2 mark while the Oilers ended up in the basement with a 4-10 record.

Chicago 5, Detroit 4

opening period, but Chicago tied it seconds later on a goal by Phil Esposito.

Peters, playing his second game in a Red Wing uniform, scored his goal midway through the initial session but Chicago came back on an unassisted goal by Eric Nesterenko and Hull's first of the night in the second period to take over the lead, 3-2.

MacGregor then scored his final two goals before the Hawks came on to win it.

The win moved Chicago to within two points of the league-leading Montreal Canadiens, while Detroit dropped into a third place tie with the Toronto Maple Leafs, six points behind the pace setters.

Chicago has now defeated the Red Wings in five of the six games the two teams have played this year.

The next game for Detroit is scheduled for Thursday night in Olympia Stadium against the New York Rangers.

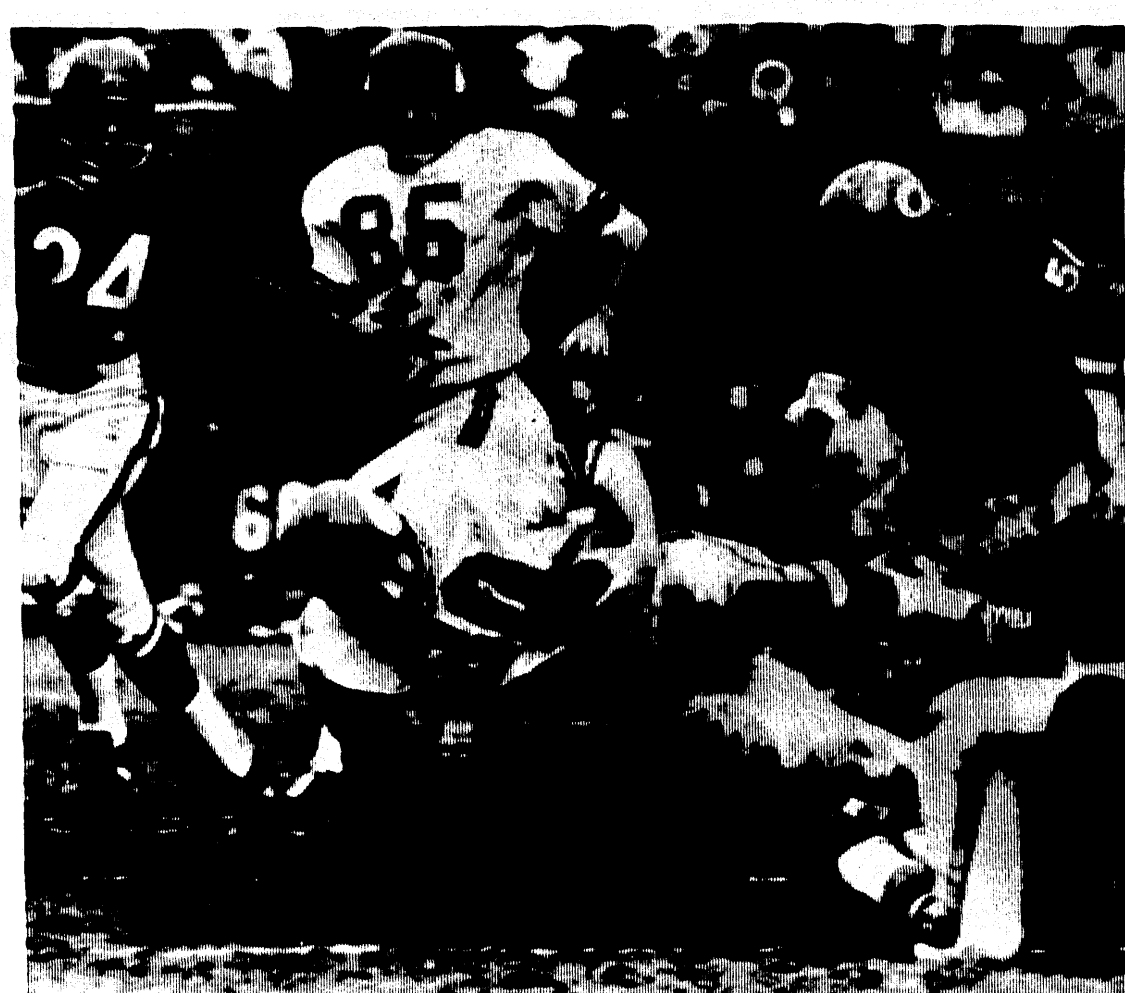

# Grabowski Set To Sign Pact With Packers?

CHICAGO (UPI)—Jim Grabowski, the power-packing Illinois fullback who capped a brilliant college career by smashing the three-year rushing record of Red Grange, was expected to set another record today by signing a pro football contract.

The Green Bay Packers, locked in a tie for the Western Division title in the National Football League, called a news conference for 11 a.m. CST at the Drake Hotel.

An informed source said Grabowski was prepared to sign the best contract in pro football history, perhaps surpassing the reported \$400,000 Joe Namath received from the New York Jets.

The 219-pound Grabowski was the first draft choice of the Packers and the Miami Dolphins of the American Football League. His entry into the pro ranks marked a new challenge

BILL BROWN, 30, of Minnesota Vikings sails through air as he picks up short gain in second quarter of game with Chicago Bears in Chicago Sunday. Dick Butkus (51) of the Bears is moving up for tackle. Other players are Roosevelt Taylor (24), of Bears and Paul Flatley (85) of Vikings. Vikings won, 24-17. (AP Wirephoto)

# Pick George Halas NFL Coach Of Year

NEW YORK (UPI)—George Halas, whose entire life has been devoted to football as a player, coach, innovator, founder and chairman of the board of the Chicago Bears, has been named 1965 National Football League Coach of the Year by United Press International.

Halas, the league's oldest pilot at 71, guided the Bears to victories in nine of their last 11 games and a third place finish in pro football's toughest division after compiling a 5-9 record in 1964.

Papa Bear collected 16 of the 42 votes cast by sportswriters in each of the NFL cities. Blanton Collier, coach of the Eastern Conference champion Cleveland Browns, was a close second in the balloting with 13 votes.

Runners-Up

The remainder of the votes were well spread out with Jack Christiansen of the resurgent San Francisco 49'ers receiving five and Allie Sherman of New York four. Harry Gilmer of Detroit, Baltimore's Don Shula, Vince Lombardi of Green Bay and Washington's Bill McPeak received one vote each.

"It's good news," said the grey-haired Halas when informed of the award. "Because of the great coaches in the National League, this is indeed an honor. It is with pleasure that I accept it on behalf of our coaching staff and the great players who made this possible."

Halas is the second coach to win the award twice. He was named coach of the year in 1963 when the Bears beat the

for the 6 foot 2 Chicagoan who started rewriting the Big Ten record book when he first stepped on the varsity biddon as a sophomore.

Grabowski, rushed his way to eight Big Ten records and set seven Illinois records. He piled up to total of 8,787 yards rushing in his college career, far outdistancing the school mark set by Red Grange in the 1920s and bettering the Big Ten mark set by Alan Ameche at Wisconsin.

His best game rushing came against Wisconsin last year, when he wound up with 239 yards and another Grange record. He was a real workhorse for the Illini, averaging nearly 29 carries a game and carrying 38 times once to tie a Big Ten record.

Grabowski was the only player in Big Ten history to gain more than 1,000 yards in two different seasons.

# Nebraska To Face Toughest Test In Orange Bowl Game

By BILL KETTER

LINCOLN, Neb. (UPI)—Winning football has become a natural law at Nebraska since Coach Bob Devaney arrived four seasons ago — and this year there were no violations.

The big, mobile, confident Cornhuskers blitzed 10 opponents enroute to the Big Eight school's first perfect season in 50 years. Only Missouri and Oklahoma State were threats.

But the toughest test yet comes against Alabama in the Orange Bowl game at Miami, Fla., New Year's night. It should be a dandy.

Twice before Nebraska has played in the Miami classic, losing to Duke in 1955 and beating Auburn in 1963.

While the team didn't gain the national championship, it did capture a third consecutive conference title, something no other team has done since Oklahoma turned the trick in 1954-56. The Huskers' third place ranking was still the best in their gridiron history.

Running basically from the T-formation, with an unbalanced line right and left, the Huskers

led the nation in rushing with a 290-yards per game average. Their 404-yards per game total offense average was second best.

This power can be traced to the fact that Nebraska is one of few teams blessed with two outstanding quarterbacks in senior Fred Duda and Junior Bob Churchich. When one bogged down, the other came in to spark a rally.

The backfield standout is Harry (Lighthorse) Wilson, a tough-running halfback who gained 672 yards to top team rushers. This included 160 yards in 19 carries in the regular season finale against Oklahoma to key a come-from-behind victory.

Other backfield starters are Frank Solich, who at 158 pounds is the smallest fullback in major college football, and 200-pound halfback Ron Kirkland, a bulldozer-type runner who had a 6.6-yard per carry average.

At offensive end, Nebraska has loads of talent. All-American Freehman White (split) and Tony Jeter (tight) are two of the best in the country. White set no less than seven individual school pass-catching

records this season. Jeter is an exceptional blocker.

The interior line is led by 251-pound Jim Brown and 235-pound Dennis Carlson. Both are tackles.

The defensive unit, known as the "Black Shirts," is anchored by tackle Walt Barnes, who stands 6-3, weighs 240 and is about as easy to knock off his feet as a cement truck. Rangy end Langston Coleman, tackle John Stroymeyer and 234-pound linebacker Mike Kennedy are also experts.

# Ole Miss Wins Liberty Clash

By United Press International

The post-season bowl classics are getting bigger and better each week and if this keeps up, the action will be fast and furious Jan. 1.

Two weeks ago the small colleges concluded their season with six bowls including the Junior Rose Bowl, which was played before a crowd of 50,000.

The major colleges kicked off their post-season clashes with two bowls Saturday when Tennessee routed Tulsa 27-6 in the Bluebonnet Bowl and Mississippi whipped Auburn 13-7 in the Liberty Bowl at Memphis, Tenn.

Sophomore Dewey Martin climaxed two drives by plunging one yard for touchdowns and tossed a four-yard scoring pass to Hal Wantland for the first Tennessee touchdown.

Fullback Stan Mitchell rambled 11 yards for the Vols' final TD.

Tulsa quarterback Bill Anderson and end Howard Twilley were impressive in defeat. Anderson hit on 23 of 47 passes for 250 yards while the Vols' defensive line held the Hurricane to 73 yards rushing at Houston, Tex.

Jody Graves fired a six-yard TD strike to Doug Cunningham and Jimmy Keys booted 42 and 30 yard field goals for the Rebels. Auburn fullback Tom Bryan, the game's most valuable player, scored the Tigers' only TD on a 42-yard gallop.

# Duke Will Meet Wolverines In Top Cage Clash

By United Press International

The Christmas holidays won't bring a well-deserved rest to the weary Duke Blue Devils and St. Joseph's Hawks, who must risk their top national rankings in road games against tough opponents.

Duke, the nation's first-ranked team, meets the Michigan Wolverines (No. 5) in Detroit on Tuesday while the second-rated Hawks play the Brigham Young Cougars (9) in Provo, Utah.

The Blue Devils came from behind last Saturday to defeat Virginia 75-72 and boost their record to 6-1 while St. Joseph's whipped Michigan State 82-65 to raise its record to 6-0.

Duke trailed 32-28 at the half against Virginia and the lead changed hands nine times after the intermission until Jack Marin sank a jumper with 4:03 left to put the Blue Devils ahead to stay.

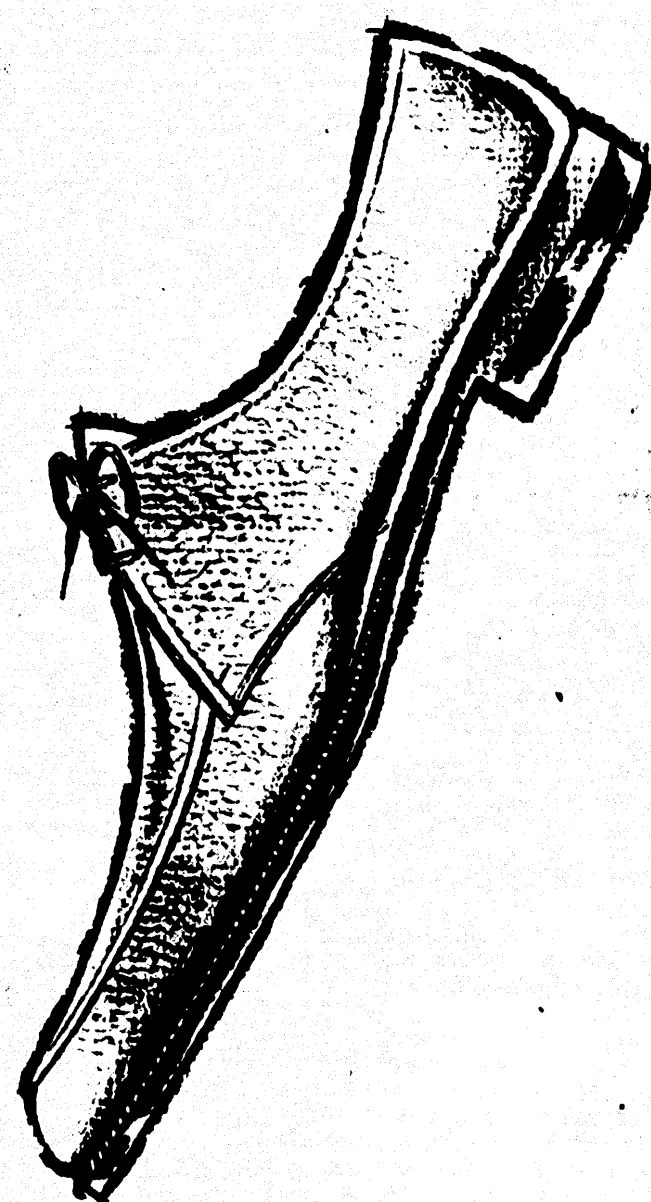

The Hawks easily defeated Michigan State as Billy Oakes, who finished with 27 points in the game, led St. Joseph's to a 10-point halftime lead.

Third-ranked Vanderbilt, which won its third consecutive Vanderbilt Invitational Tournament by edging Western Kentucky 72-69 in the finals, also has its work cut out this week when it hosts California and meets Northwestern on the road. The Commodores, who are 6-0 for the season, went ahead of Western Kentucky 70-69 with only 3:38 left when Jerry Southwood hit a 20-foot jump shot. Vanderbilt, led by Clyde Lee's 23 points, then

## Year Later, Hayes Still Winning All Foot Races; Leads Dallas To Victory

By MILTON RICHMAN

NEW YORK (UPI) — Here it is one year later and nothing really has changed for Bob Hayes. He's still winning all the foot races.

A year ago he was doing it for gold medals in Tokyo.

And Sunday, with hard cold cash on the line instead, the skinny-legged, 22-year-old Hayes left everyone else up the track again by racing for a pair of touchdowns in a 38-20 victory over the New York Giants that earned the Dallas Cowboys a Playoff Bowl berth in Miami, Fla., next month.

Hayes didn't go home especially impressed with his own performance during the entire season or during Sunday's

game although he became the first rookie since 1961 to total more than 1,000 yards with pass receptions.

Of the season, he said laughingly:

"I had a helluva year if it wasn't for Gale Sayers."

And as for the game itself, he added:

"My two touchdowns came in the first half. Now if I had scored the winning touchdown it would've meant more to me than winning those gold medals in the Olympics."

Hayes accounted for his first TD on a 65-yard pass play from quarterback Don Meredith 40 seconds before the end of the first quarter, then set his record by scoring on another 33-yarder from Meredith near the end of the second period.

The second run gave Hayes total of 1,003 yards and made him the first rookie receiver to reach that figure since Mike Ditka of the Chicago Bears did four years ago.

"I've still got a whole lot to learn," said Hayes, peeling yards of adhesive tape off his chest in the dressing room.

"There is one important thing I've learned already," added the world's fastest human who is easily identified by that blurred streak on your TV screen.

"You can't make it on speed alone in the pros. You can't run a straight line. The defensive backs in this league are too good. They'll grab you every time you run straight. You gotta put on some moves."

Meredith claims Hayes has learned many of the moves already.

"He has improved 100 percent since he first came to us,"

declared the Dallas quarterback. "He's still doing a lot of work on what he call 'the routes,' or moves, whatever you like to call them. What it boils down to is knowing when to break and when not to break."

"Bob is learning well. He has more than speed going for him," Meredith went on. "I'll say this, though. Whenever you're in doubt, you can throw the ball as far as you like because you know he's gonna be there to get it."

Tom Landry, the Cowboys' coach, also is impressed with some of Hayes' other assets besides his speed.

"What I like best about him is his explosiveness," said Landry. "Go to every game we won this year and you'll discover Hayes made the big play. He's our Gale Sayers."

It was rather curious Landry should mention the name of Chicago's rookie of the year because Hayes had mentioned it earlier in an entirely different connection.

As he cut more tape off both his ankles, Hayes who is listed at 189 on the program but actually weighs only 175, talked about his first season in the pros and how happy he was to be going to Florida, where he makes his home.

"It'll be just like a homecoming for me," he said.

"I've got a lot of friends and relatives in Florida, too. Did you know Mickey Mantle was right there when I signed my first contract with the Cowboys? He's my idol. I played the same position he did in high school, center field. He's the greatest in my book."

When he returned to the subject of football, Hayes said he felt his old Olympic teammate, Henry Carr of the Giants, is the fastest man in the NFL.

"But speed ain't ever gonna do it alone in this league," added Hayes, taking off his football shoes.

A year ago in Tokyo, Hayes borrowed track shoes belonging to 800-meter champion Tommy Parrell and then went out and copped the gold medal in the 100 meters.

"I remember that and I still got the shoes," laughed Hayes. "These shoes here? Oh, they're mine, all right. I've been running in my own shoes since that day."

Those shoes have taken Hayes a long way.

## Rangers Clip Canadien Six

By United Press International  
Emile Francis' first victory as coach of the New York Rangers couldn't have come at a better time for the Chicago Black Hawks.

Francis, who succeeded Red Sullivan as the Rangers' coach on Nov. 24, finally became a winner Sunday night when New York shaded the Montreal Canadiens 3-2 at New York's Madison Square Garden. The Hawks were the chief beneficiaries, however, because the Montreal loss enabled them to move within two points of first place via a 5-4 decision over the Detroit Red Wings.

Goalie Don Simmons made only his third start of the National Hockey League season and turned aside 36 shots in the Ranger net.

Defenseman Pat Stapleton tallied with 10 seconds left in the game to give the Black Hawks their victory over the Red Wings. Bobby Hull scored two goals for the Black Hawks while Bruce MacGregor scored three goals for the Red Wings.

Eddie Shack's two goals and Johnny Bower's 30 saves paced the Maple Leafs to a 3-1 win over the Bruins and ran their winning streak to four games.

# Green Bay Settles For Tie

## Face Baltimore Colts To Break Knot Sunday

By JEFF MEYERS  
United Press Sports Writer

John Brodie is an acknowledged master of the big bomb but it's his attention to small details that has forced a playoff between Green Bay and Baltimore.

The small details are included in the National Football League rules under Article VII, Section 7, Paragraph 1, which prohibits running with a fumbled lateral that has hit the ground.

Green Bay's Willie Wood did exactly that Sunday — scooping up a San Francisco fumble and racing 82 yards for an apparent touchdown. Brodie then brought the rule to the attention of the officials.

The touchdown was disallowed and the Forty Niners went on to tie the Packers 24-24 and force them into a playoff with the Colts at Green Bay next Sunday.

**Biggest Bomber**  
Brodie has tossed the biggest bombs in the NFL this season and enjoyed his finest day Sunday, throwing three TD passes including the equalizer to Vern Burke with 1:07 left.

In other games, Minnesota surprised Chicago 24-17, Dallas disappointed New York 38-20, Cleveland shaded St. Louis 27-24, Detroit whipped Philadelphia 35-28 and Washington drubbed Pittsburgh 35-14.

Following a 22-yard TD, game-tying pass from Fran Tarkenton to Gordon Smith, Rip Hawkins intercepted a desperation Rudy Bukich aerial and dashed 35 yards with 1:06 left for the Vikings, who trailed 17-3 entering the fourth quarter. Tarkenton also hit Tom Hall with a 17-yarder minutes after Chicago's Gale Sayers raised his NFL TD record to 22 with a two-yard plunge.

**Cowboys Miami-Bound**  
Don Meredith's three TD passes enabled the Cowboys to grab a berth in the Playoff Bowl in Miami Jan. 9. Dallas and New York each finished with a 7-7 record but the Cowboys have beaten the Giants twice this campaign.

Jimmy Brown was booted out of the game for a kicking incident but scored his 21st TD of the season before leaving to tie the NFL record until Sayers tallied his 22nd.

The Eagles scored twice within two minutes but Detroit's Milt Plum broke the 28-28 tie by hitting rookie Tom Nowatzke with a 22-yard TD pass.

Tom Walters and Rickey Harris raced 63 and 34 yards respectively with intercepted passes and Bob Pellegrini rebounded 31 yards with a fumble for the Redskins.

**Crusader Frosh Play Tonight**  
The Holy Name High School freshmen basketball team will play host to Marinette Central Catholic freshmen at 7 this evening.

The Crusader frosh have scored two victories in two starts to date, winning over Perkins and Marquette Baraga teams.

**Sports In Brief**  
BERLIN (UPI) — Poland beat East Germany 3-2 in an ice hockey match at Dresden Sunday, it was reported by the official East German news agency ADN.

WASHINGTON (UPI) — The Washington Redskins signed defensive back Bill Clay of Mississippi, their fourth draft pick, Sunday. Clay was also drafted by Denver of the American Football League.

**Plum On Target As Lions Trip Eagles' 35-28**  
PHILADELPHIA (UPI) — Veteran Milt Plum teamed up with a handful of rookies Sunday to lead the Detroit Lions to their best offensive show of the season and a 35-28 victory over the Philadelphia Eagles in the last game of the season.

Plum, criticized most of the season for not being able to move the Lions' offense, passed for 214 yards as the Lions stole the scoring show from Philadelphia, which had entered the contest as the top scoring team in the National Football League.

The Lions, nevertheless, finished in sixth place in the western Division with a 6-7-1 record, trailed only by Los Angeles. It marks the first time they have finished lower than fourth place since 1959, when they finished fifth in the six team division before the NFL expansion.

Against the Eagles, however, Detroit looked like anything but a second division team as Plum pitched 18 completions in 31 attempts, including three for touchdowns.

Rookies Tom Nowatzke and John Henderson provided three of the five Detroit touchdowns and Bob Felt, the replacement for injured halfback Amos Marsh, played a big part in carrying the rushing game.

The Lions took the lead by two touchdowns in the opening period of the game as Plum tossed a 10 yard scoring pass to end Jim Gibbons and a few minutes later Nowatzke plunged over the goal line for one yard out for the first of his two touchdowns.

After the Eagles had scored on a nine-yard pass from quarterback Norm Snead to Ollie Matson, Plum renewed his passing attack, moving the Lions to their third touchdown, this one on a 31-yard pass that Henderson took in the end zone.

Detroit finally boosted its lead to 28-14 on Dick LeBeau's 30-yard return of a pass interception.

The Eagles struck back quickly, however, scoring two touchdowns within a two-minute span of the third quarter, first on a 63-yard punt return by an activated taxi-squadder, Bob Shann, and then on a nine-yard pass from Senad to Ron Goodwin after Dave Lloyd had intercepted a pass.

With the score tied, 28-28, the Lions put the pressure on Eagle punter, Sam Baker, and deflected his kick. Detroit took over on its own 37 yard line and then Nowatzke and Felt took turns slamming into the line for 15 more yards. Plum then pegged a 25-yard strike to Nowatzke for the winning touchdown.

## Esky Wrestlers Score Victory

Escanaba High School wrestlers scored their first victory in the sport Saturday when they whipped Munising's grapplers by a 40 to 10 margin here.

Escanaba is competing in the fast-growing prep sport for the first time this year, with Jim Hinn serving as head coach. In their first match a week ago the Eskymos were defeated by Kingsford.

Saturday the Eskymos won three bouts by pinning their opponent, took five decisions and added two wins by forfeit. Only two Esky wrestlers failed to win their matches.

Escanaba's next competition will come Saturday, Jan. 8, at Marquette.

Individual results, Escanaba wrestlers listed first:

95 — Gary Rudden won by forfeit

103 — Dave Kaziatek lost to Bill Bartell by pin

112 — Roger Collins lost to John Beerman by pin

120 — Chet Salmon decisioned Rick Ward

127 — Len Della-Moretta decisioned John Clapp

133 — Mike Ruby decisioned Paul Boucher

138 — Ray Payment decisioned Greg Perry

145 — Vital VanDrese pinned Ken Fulcher

154 — Dave Olson decisioned Frank Imman

165 — Tom Brayak pinned Dave Poquette

180 — Bruce Craig pinned Pat Malone

Heavyweight — Dan Scheuven won by forfeit

## Emeralds Climb To First Place Conference Tie

MANISTIQUE — Coach Rudie Brandstrom's Manistique Emeralds vaulted into a tie for first place with Munising in the Great Lakes Conference basketball standings by defeating defending champion Marquette, 55-49, here Saturday night.

The victory gives Manistique a 3-1 GLC record and a 5-1 overall mark for the pre-holiday portion of the season.

Tom Brawley, 6 foot 4 inch senior veteran, performed in spectacular fashion to lead the Emeralds to their triumph. Brawley dominated the action around the Manistique bucket, stuffing in 10 field goals and adding four free throws for 24 points. The big front line star hauled in 11 rebounds to lead his mates in that department.

Ron Asp, 5 foot 11 inch senior, was the only other Emeralds to reach double scoring figures with 13 points.

Marquette's Steve Andrews hit 13 points and Dave Nobert added 10.

The teams battled to a 13-13 deadlock and Manistique edged ahead, 24-22 at halftime. It remained tight through the third frame with the Emeralds maintaining their slim lead. Manistique outscored the Redmen, 17-14, down the stretch.

The Spartans led four times during the first half, the last time by a 23-18 count, but fell behind by 10 points at the half and couldn't keep up with the unbeaten St. Joseph's team the rest of the way.

Matt Aitch scored 19 points to top the Michigan State scoring and Stan Washington had 17, while Billy Oakes led St. Joseph's with 27.

**Spartans Bow To St. Joseph**  
EAST LANSING (UPI) — The Michigan State Spartans return to action tonight against Tulane University after dropping an 82-65 test to second-ranked St. Josephs Saturday night.

The Spartans led four times during the first half, the last time by a 23-18 count, but fell behind by 10 points at the half and couldn't keep up with the unbeaten St. Joseph's team the rest of the way.

Matt Aitch scored 19 points to top the Michigan State scoring and Stan Washington had 17, while Billy Oakes led St. Joseph's with 27.

**Colgate Star Sets Record**

NEW YORK (UPI) — St. Lawrence meets defending champion Northeastern and Colgate tangles with Cornell Tuesday in the semifinal round of the ECAC Holiday Hockey Festival.

Colgate romped over Yale 8-Sunday behind the five goals of center Doug Stay and Mike Savage's three goals paced St. Lawrence past Boston College 5-3.

Stay set two tournament records, one for the most goals in one game and the other for scoring two within 11 seconds for the fastest scoring performance.

Stay tallied at 10:13 and 10:24 of the first period but Yale scrambled back to tie it with goals by Robert Keith at 15:42 and George Semler at 17:51.

Don Wilmut put Colgate ahead again at 8:07 of the middle stanza, then Stay scored at 14:45 and 17:33. His fifth marker rang the bell at 18:00 of the third period.

St. Lawrence led 4-0, then had to hold off a determined BC sextet. David Erickson and David Snyder helped Savage in the offensive department and St. Lawrence goalie John Went maintained the defense.

Carol Carlson Bride Of William Arrowood

Carol Jean Carlson, daughter of Mr. and Mrs. Carl D. S. Carlson, 312 Center St., became the bride of William Clyde Arrowood, son of Mr. and Mrs. Fay Patterson, Gulliver, in a 4 p. m., double-ring services Saturday.

The Rev. Roy Pitts officiated at the candlelight ceremonies in First Baptist Church.

Mrs. Byron Williams, Negaunee, sister of the bride, was matron of honor and Mrs. David Carlson, sister-in-law of the bride, also from Negaunee, was bridesmaid. Don Lee of Lansing was best man and William Freeland, Pontiac, groomsmen. Ushers were David Carlson, Negaunee, Albert Carlson, Waukegan and Byron Williams, Negaunee.

**Music of Service**  
The bride was attired in a white floor-length gown of taffeta accented with scoop neckline and long-tapered sleeves. The bell-shaped skirt was fashioned with a back train held with flower designs of taffeta.

Her tiara crown of seed pearls and crystals held her veil. She carried a long stemmed red rose. The bride was given in marriage by her father.

Guest soloist was Paula Rosebush and organist was Mrs. Roy Pitts. Bouquets of pompons and mums adorned the church.

**Home in California**  
The attendants wore light blue floor-length gowns featured with empire waistlines accented with back bows above detachable trains. They carried long stem yellow roses.

The bride's mother wore a liberty blue crepe with beige accessories and Mrs. Patterson, a navy blue crepe with pink accessories. Both had corsages of sweetheart roses.

A reception was held at Mueller township hall, after which the couple left for a wedding trip to Lancaster, Calif., where they will make their home. A rehearsal dinner Friday night was hosted by the bridegroom's parents.

Both are graduates of Manistique High School. Mr. Arrowood will attend Antelope Valley college in Lancaster beginning in the January term.

School Has 14 In Work Program

Fourteen Manistique High School students currently are working in assigned areas through the school system's participation in a work study program under the Vocational Education Act of 1963.

This act authorizes schools to select and place qualified students on jobs in school offices, governmental offices and governmental garages for office and mechanical work. Those selected work up to nine hours per week during free time in the school day under supervision of an official to whom they are assigned.

The supervising official and the work - study coordinator confer from time to time on student progress and to determine specific areas where emphasis is needed. These help provide understanding and enable the student to step into a more useful and productive occupation afterwards.

Up to 20 will be assigned as job requirements and hours can be matched with student abilities, interests and free time. The students are paid a regular wage of \$1.25 per hour from a grant.

Lakeside Yule Program Set

The Christmas program at Lakeside school will be presented at the school Tuesday at 1:30 p. m., with children in all grades, including kindergarten participating. Parents and friends are invited. Christmas parties with gift exchanges will be held in each room Wednesday afternoon.

Higher Police Pay Supported

DETROIT (UPI)—Attorney General Frank J. Kelly has offered to testify in favor of salary increases for policemen in any Michigan community.

Kelley told a Senate Study Committee on Police Pay, Saturday, that police in some smaller communities in Michigan should have raises up to 20 per cent while cities should provide boosts of 3 to 5 per cent.

"In order to get fine, decent young men to consider police work, we must recognize the increase in salaries is merely the first step in giving more prestige to police work and that training and education and development of a career concept are just as vital."

The Attorney General also proposed a program of state aid for police salaries related to the extent of local contributions, said policemen should be relieved of "housekeeping duties" like bicycle registration and finding lost animals, and called for more local money.

Kelley said Michigan residents should "match their concern about crime with dramatic evidence by giving an immediate, across the board, salary increases to policemen in most areas of the state."

About 40 police chiefs from around Michigan were attending the hearings, and most of them were in favor of the state subsidization program.

Kelley said he would make more concrete proposals in an upcoming White Paper on Crime.

Rifle Club Elects Officers

The Manistique Rifle and Pistol Club Wednesday elected officers at a dinner session. Milton Lowery is president, Charles Atwater, vice president, N. H. Modders, secretary-treasurer. Floyd Houghton is inside rangemaster and Earl Malloch, outside. The next dinner is Jan. 19.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

## Two Arraigned In Benton Harbor Holdup Killing

BENTON HARBOR (UPI) — Two Chicago men charged with killing a deputy sheriff during a bank holdup were scheduled to appear in Municipal Court today on murder charges.

They are Noté Perez, 43, and Roy Bowen, 41, charged with fatally wounding Berrien County Deputy Sheriff Elton Stover, 55, Dec. 3 when he and Gary Mitchell, another deputy, were wounded during the holdup of the Farmers and Merchants National Bank branch in Fair-plains Plaza. Mitchell suffered minor wounds and Stover died Dec. 10 from wounds inflicted by a submachinegun.

Perez and Bowen were captured the same day in La Porte County, Ind.

So much public sentiment has been aroused as a result of the slaying of the popular deputy sheriff, that pressure has been put on Prosecutor John Hammond to have the case turned over to the federal government for prosecution because the state of Michigan does not allow capital punishment.

However, U.S. District Attorney Harold Beaton at Grand Rapids is still undecided whether to present the case to the 23-member federal grand jury when it appears for duty on Dec. 28 at Grand Rapids.

A federal indictment does not necessarily mean capital punishment would follow. The federal jury hearing the case would have to find the men guilty of first-degree murder and then make a recommendation on the ultimate penalty.

### WANT AD RATES MINIMUM 20 WORDS

All Want Ads must be in by 5:00 P.M. on the day prior to the first day of insertion. All cancellations must be by 8:30 the morning of scheduled insertion.

Low word rates permit a complete description at small cost. For best results, write your WANT AD naturally and clearly. Place ad for six times. Cancel when you get results. You will be charged only for the number of times run at the current word rate.

### TABLE SHOWING WANT AD COSTS 20 WORDS AND OVER

Words	1 to 3	4 to 6	7 to 9
20	1.80	3.60	4.80
21	1.68	3.78	5.04
22	1.76	3.96	5.28
23	1.84	4.14	5.52
24	1.92	4.32	5.76
25	2.00	4.50	6.00

Groups of figures count as one word. Each initial is considered the same as one word. For example:

Dial ST 6-2021 — Two words  
325 S. 10th — Three words  
A Smith & Co. — Four words

Errors in advertising should be reported immediately. The Escabe Daily Press is responsible for only one incorrect insertion.
